125th Anniversary cabaret

The 125th Anniversary Cabaret is the major Sydney Boys High school function to celebrate its first 125 years of public secondary education. It is important that staff, parents and Old Boys get behind this event to demonstrate support for public education in general and our school in particular. In order to encourage all **parents** to participate in the celebration of our school's 125th Anniversary, I am offering to subsidise two tickets for every table of ten booked for the 125th Anniversary Cabaret to be held on **Friday 21 November** at the Shannon Room AJC Centre at Randwick. In other words, the offer is for a 20% discount for tickets for a table of 10. (\$120 per ticket instead of \$150). *This will also apply to parents who have already booked and paid for their tickets if they can organise or join a table of 10.* It's a great opportunity for each Year group to organise a table and join in the fun and celebration. It's also a great opportunity for all the sporting groups and co-curricular activity groups to do likewise. As the dinner is only a month away, we do need to finalise the numbers very soon.

It would be very good if staff members were to show their support for this occasion also. It will be an entertaining evening with student performances, a band, some variety acts and food and beverages included. To encourage **staff members** to attend I am offering a special deal, available to the end of the month of **October** only, for staff tables to be purchased on a buy 10 get four free basis (\$90 per ticket instead of \$150). As the dinner is only a month away, we do need to finalise the numbers very soon.

Great Hall Walkway

After nearly eight years of trying to get a resolution to the leaking Great Hall walkway, DET has completed the bulk of the job. The banks surrounding the stairs at each end of the walkway were supported with an injection of an expanding foam. The walkway surface was

lowered 150mm, the cracks in the underlying slab were sealed, the original drain holes were restored, a waterproof membrane was laid and new non-skid tiles were laid on the walkway and stairs. The Tennis Professional's Office and the High Store are back in use. We plan to resume operations in Room 802 and the Cadet Office as soon as possible. Room 802 will need new floor coverings, furniture and a supply of computers. The Cadet Office has suffered some water damage and will need new floor coverings. We are confident that we can make these areas available to students for the start of the new academic year.

Sydney High Development Committee

The Committee has been busy organising and promoting the Order of Australia Honour Board launch. Tailoi Chan-Ling (Chair), Simon Chan, Julie Blomberg and Julie Connolly, along with Joseph Waugh, attended the launch and socialised with our guests. The event was written up in a press release by Yaron Finkelstein and sent for publication by Louise Graul. Thank you to Tailoi and Jenni May for taking pictures of the event. The Committee has prepared a promotional colour brochure to assist with fundraising. Thank you to Julie Connolly, Julie Blomberg, Veronica Crothers and David Isaacs for their work in preparing and publishing it. Stephen Saunders has worked solidly for two years to develop the monthly giving program. He and his volunteer callers have been successful in signing up a large number of contributors to our building projects. I want to thank all the members of the committee for their work on behalf of the school.

The Sydney High Mentor Program

Next year we will be welcoming 180 boys and their parents in Year 7, 6 in Year 10 and 15 in each of Years 9 and 11. We have a **Parent Mentor** program in place, organised by Charles Ovadia. We need as many parents as possible to volunteer for what is an undemanding role to contact

and talk to new parents about how the school works and to support their transition into a new school community. Please contact Charles covadia@medemail.com.au or kim.jaggar@det.nsw.edu.au to register your interest in assisting. We also have a **Student Mentor** program in place. Ms Reemst from Creative Arts coordinates the Student Mentors. Students perform a similar role for incoming students that parents do for new parents. Students who volunteer will have their service credited on their Student Awards Scheme file. I hope Year Advisers for Years 9 and 11 next year will encourage boys to help us engage new students with the ethos and programs of the school. Contact Ms Reemst or me to express your interest in helping us with this important program.

Prefect Internees

Prefects Elect are being trained this week and Mr Kesting and I have discussed with Patrick, Clive and Nelson our expectations for the range of roles that the student leaders will be expected to perform. As a first step we will require all Prefects to complete a spreadsheet detailing what activities that they are currently involved in and also those they plan to pursue in 2009. We will have a better idea of how to offer the desired jobs once this audit is undertaken.

\$10 Thank You Voucher

Our September **\$10 Thank You Voucher** has been won by May Leung.

Thanks so much to May for being one of our many wonderful volunteers.

DID YOU KNOW?

Did you know that the Cecil Rubie Study Centre was named in honour of Cecil Edward Henning Rubie (1909-1978; SHS: 1925-1928).

A journalist and primary and secondary teacher, Mr Rubie was, on retirement in 1974, the Chief of the Public Relations and Information Branch of the NSW Department of Education. As a member of the OBU he held the positions of President (1965-1966) and Secretary (1952, 1973-1978). He was also a member of over 30 local community organisations and was awarded a British Empire Medal in 1976 for services to the community.

The Study Centre, which was added to the Sir Charles McDonald Building, was officially opened on 6 September 1996 by Phil Whyte (1965), Chairman of the Foundation and former President of the P&C.

Cec Rubie is also commemorated in the naming of Rubie House which was established when an additional Year 7 class ("7R") was first enrolled in 1983.

WE ARE LOOKING FOR NEW PARENT MENTORS

A Parent Mentor is an informal contact person who will welcome New Parents into the School Community and is available to them to help them through the difficulties encountered in their first year at the School. The aim is to have every parent of a new boy starting at the School matched up with a mentoring parent already at the School.

The role of the Mentoring Parent is:

- To actively contact the new parent and make them welcome and be a friendly face in a big organisation.
- To make themselves available to the new parent by phone or in person or by email as they see fit.
- To help the new parent with any simple query about the education system and the way the school works.
- To be a point of contact for all the trivial questions that might plague a new high school family.
- To advise the new parent of the appropriate channels of communication at the school for serious matters e.g Year Adviser, School Counsellor etc
- To act as a propagandist for the School and the great benefits of being involved in all the facets of their son's education.

The scheme is informal, without a lot of structure and depends for its success on the enthusiasm of the Mentors.

The scheme has worked extremely well for three years and has not been at all onerous.

All the Mentor Parents this year have enjoyed it tremendously and the New Parents have been extremely receptive and grateful for the contact.

As there is an attrition rate every year we need new Mentor Parents.

Please join us as the more parents we have the easier is the task.

Could you please contact Charles Ovadia on 9386 1221 or covadia@medemail.com.au

SYDNEY BOYS HIGH CRICKET

www.sydneyboyscricket.info

The opening day of the GPS Competition provided us with a guide to the level we have reached in response to our pre-season training and trial matches with some interesting results being highlighted.

Our junior teams provided a guide to the players who have had cricket experience and to those new to cricket with limited skills, which is a great advantage in our approach to coaching. These identified areas are where our coaches will need to concentrate on at sport days as they work with individual teams, which in turn will allow us to "select balanced teams" so that we are competitive in a particular age group.

The intermediate and senior teams, that is, 15A through to the 1st XI, also provided valuable feedback on areas where we were left wanting and indicated that players are not listening, or not taking in the coaching and team oriented skills passed on by what is a very experienced senior coaching team. Whilst there were some very sound performances from dedicated players there were far too many who wasted their talents not only with the bat, but also with little thought going into their bowling with undisciplined control. Dropped catches, extras and inactive fieldsmen also cost several teams many runs which then had to be won back by their batsmen.

However there were "highs" as well as the "lows" across the board with several teams in real dogfights with Joey's in the 16A, 14A, 14B and 14C teams with the bat and ball and several spectacular catches after turfing some "sitters". Match reports appear on the Cricket Website

SOME DAY 1 RESULTS FROM THE GRADES

2nd XI TRIAL MATCH St. Joseph's 9 - 156 - defeated - Syd Boys 10 - 151

High batted first and were all out for 151 and acknowledged by the players that the batting had let them down and that more runs should have been scored. Loose shots and lack of application being the main concern. St. Joseph's in reply finished with 9 wkts-156 but the fielding and bowling gave the host team too many free hits. Nakul Bhagwat took the bowling honors taking 3 / 20

16 A St. Joseph's 5 - 57 (22 overs) defeated Syd Boys 10 - 56 (25)

The lack of experience of playing on a turf wicket came to the fore in this keenly fought contest between two teams making their season debut on McKay No 1. High won the toss and were forced to bat due to the tardiness of players arriving late to the game and Shimon Danziger and Oliver Pierce got off to a steady start against a good bowling attack but a middle order collapse was rescued with runs from Nathan Kok, Andrew Huynh and Richard Li to see the total reach 56. St. Joseph went into bat confident that they were going to win easily and at 4-27 the confidence was shaken through the efforts of Samuel Lane and Iftiar Khan who bowled tightly and took wickets. However, after drinks the "rocket scientists" reverted to old habits and bowled without control to offer the opposition easy pickings with loose balls delivering easy runs which allowed them to pass High's score in the 22nd over. Raghab Siddiquee contributed to the team's wicket haul with 3 amazing catches. A full Match Report is on the Cricket Website.

MATCH OF THE DAY -

14 B St. Joseph's 3 - 164 - defeated - Syd Boys 10 - 157

In a keenly fought tussle High just failed to snatch victory in the 29th over with the loss of our last wicket in chasing St Joseph's total of 164. The team had every chance but the failure of several batsmen to score runs and add to the efforts of Owen Duffy (73n.o.), Christopher Oei (15) and Allen Fu (14) the main contributors. Best bowling for High came from Owen Duffy 1 - 29 (6 overs) and the Year 7 rotation player Agnish Nayak, taking 1- 13 (3). Full match report on the Cricket Website.

HIGH WIN TRANS HARBOUR COMPETITION OPENER

Year 9

Syd Boys 8 – 143 (20)

-defeated- St. Andrews 10 - 130 (TBC)

The Year 9 team debuted in the new 20/20 competition introduced into the Trans Harbour Competition with a sound display with both bat and ball. High lost the toss and batted first with Hashan Sunasinghe and Kumudika Gunaratne (40) leading the chase for runs and got the innings rolling. The loss of 3 wickets quickly then saw Kumudika and Samuel Lane (50n.o.) put together a strong partnership which was topped off with a quick run spree from Pasan Pannila (23), High then took on St Andrew's batting line-up and early wickets and good catching saw a steady fall of wickets. Shanaz Razeen, Pasan Pannila and a great effort from Nathan Kok who took 4 wkts including a hat-trick shared the bowling honours. A full Match Report is on the Cricket Website,

MATCH RESULTS

All team Captains are to ensure that Match Reports which include the scores of both teams and best batting and bowling performances for High are submitted by Sunday evening each week. Comments on the team's fielding and other highlights should also be included. It is important those players who perform well are recognized in High Notes so that parents, friends and even ex students and Old Boys are reading our results each week. We have to make sure that we all can share in the highs and lows as our season progresses.

SCHOOL STUDENT TRANSPORT SCHEME (SSTS)

School Student Code of Conduct – Students travelling on buses must:-

- Dip school bus pass or pay the fare when joining the bus. This is particularly important as the data collected from the on bus fare collection system may be used for service planning purposes
- Use school specials when provided
- Vacate seats for adults when requested
- Follow the driver's instructions about safety on the bus
- Respect the needs and comfort of other passengers
- Behave appropriately at all times (e.g. no offensive language, no throwing things)
- Protect bus property (e.g. no vandalism)

Students are reminded to:-

- Only use the school bus pass for its intended purpose i.e. for travel between home and school (does not include travel to and from sporting activities)
- Maintain possession of the school bus pass at all times.

During 2008, authorised officers will be deployed to inspect **Code of Conduct** compliance on school bus services in the Eastern Region. Students who are found to have breached their obligations may lose their travel entitlement and possibly incur an infringement.

Statistics Program - Become Involved

Each week statisticians record statistics for the 1st and 2nd grade teams to ensure these teams play to their potential. There are currently only two people involved in this program and more help would be appreciated. If you didn't make a sports team this year, basketball or not, then this is the perfect opportunity to support High's excellent basketball program. The statistics program has currently been updated with new equipment making it better than before. Benefits include leaving school at lunch on your sport afternoons and a free ticket to the basketball dinner. So if you're willing to become involved in the best sport program in the school then come and see Mr Hayman in the PE staffroom for more information.

Christopher Chiam.

The Editor's advice

Basketball not only requires you to be physically prepared, but also mentally prepared. Different athletes prefer different environments before and during a game, to boost their performance and have different techniques to keep them composed during games. It is important you develop a technique or way of thinking to keep yourself composed, so you can play to the maximum of your capabilities. Remember to always be optimistic in games especially against Shore this week, one of the powerhouses in basketball. If you believe in yourself and your team, stay composed no matter what the environment is like, play hard, play smart and play together this week, success against Shore highly likely.

Remember to support your peers in other teams this week and don't forget to cheer for 1st and 2nd Grade!

What students say about Talent 100

"Learning exam techniques is probably the most important thing that I learnt. It's very useful to know how to split a large question into parts and then answer the parts individually." (Justin H, James Ruse Agricultural)

"The course has helped me immensely with both understanding the theory and with exam technique. The way we worked through 'perfect' exam answers was especially helpful. Also, the set of notes to act as reference material looks useful, as was the interactive environment." (Ashish T, Sydney Grammar)

"I've liked the fact that everything was lively and happy, not boring. The course was made most effective by just answering the syllabus points, rather than adding useless information." (Benry S, Sydney Technical High)

Year 10 Headstart Program

If you are in Year 10, find out how you can score a top UAI by starting early. By teaching you the key concepts behind the year 11 syllabus early, Headstart Mathematics, Phys&Chem and English gives year 10 students a competitive advantage so they can score the top ranks in year 11 and 12. The Headstart Program runs for 2 hours.

Year 11 & 12 Yearly Success Program

If you are going into year 11 or 12, find out how our yearly success program can help you achieve unmatched results. Our unique learning approach helps students consolidate understanding of the key concepts, and develop perfect exam practice, so that you can score your highest mark.

Secrets of the HSC Program: Find out what schools will never tell you.

- ✓ How the UAI is calculated from their raw marks;
- ✓ The effect a school has on the process;
- ✓ How well each subject scales (4U Maths, 3U Maths, Physics, Chemistry, Biology, Economics, Legal Studies, English);
- ✓ How to use your subject choice to boost your UAI.
