GOVERNORS CENTRE

The Governors Centre is a state of the art multi-purpose educational facility that will give our boys the greatest opportunity for development in the areas of performing arts, music, debating and public speaking. Sydney High School Foundation is raising the funds needed from our supportive community. Over 70% of the necessary funds have been raised to date. The level of support demonstrates the commitment and passion of our school community.

The Governors Centre will have a 400 seat, air conditioned theatre and a 200 seat examination centre which will allow flexible uses at other times.

The Governors Centre is a joint project with Sydney Girls High School. The building will front Cleveland Street, located between the two schools on the site of the former Caretaker's Cottage offering easy on-site and external access.

Please consider supporting the Governors Centre 2015 Appeal.
