## From the Principal

### High Talent

Daniel Keogh (Year 7) received a 'Highly Commended' Award in the 'Write Now' Competition.

There were 3800 entries and only 10 'Highly Commended' Awards in each group -Years 7-9. Congratulations, Daniel. Congratulations to the open basketball team on its 7<sup>th</sup> place in the CHS state knockout. Thank you to Max Kite (Year 11) for travelling straight from the casualty department at hospital where he had a cut lip stitched to play first grade rugby against St Josephs. His team spirit and the courage of the boys on the day were inspirational.

### Sydney Boys High Building Fund

I want to remind potential donors to the Sydney Boys High School Building Fund that this week is their last opportunity before June 30 to help make a difference to facilities at High in the medium term. Donation forms can be downloaded from our website at [www.sydneyboyshigh.com](http://www.sydneyboyshigh.com) / donations / library project. Donors to the Monthly Giving Program should have received their statements this week containing their total donation for the year and the ABN of the Fund for tax deductibility. I want to thank all the monthly donors for their support during the financial year and I hope they continue to support the giving scheme which is growing in momentum, thanks to their example.

### Reports

I am still holding uncollected reports for boys in Years 12, 11, 10, 9 and 7. Parents are reminded to ask to see their son's report. Some boys have unfulfilled obligations to pay for excursions or services or have to write reports for The Record about summer sports or co-curricular activities. I urge them to fulfil their obligations and come to discuss their first semester progress with me.

### All My Own Work

Any boys studying Preliminary or HSC courses this year **must** complete this online requirement. Year 10 boys are being urged to do the mini-course also. I exhort boys to be responsible and to fulfil this obligation to the Board of Studies. Please complete this online before the end of term.

### Cyber bullying

Cyber-bullying is a growing problem in adolescent development. When a young person is systematically targeted over a period of time by email, SMS, video or photographic uploads, mobile phones, chat rooms or on websites, and the aim of such targeting is harassment, stalking or delivering threats, then bullying is taking place. The impacts of written as opposed to verbal harassment can be long lasting if the victim repeatedly reads the words electronically displayed. Schools can reach out to discipline their students who are acting off-site in a private capacity if it can be demonstrated that their actions adversely affected the safety and well being of a student while in school or that they intended to have an effect on a student in their role as a student.

The confidence and self esteem of students who are cyber bullied can be badly affected. Psychological bullying needs to be combated by educating students in its effects and teaching them to empathise with the plight of the victim. Perpetrators often wrongly assume that they are invisible when using electronic media. Students need to be aware that online activities can be traced and that the misuse of telecommunication devices is a federal offence. If you are being bullied by anyone, verbally, physically or electronically, tell someone. The Deputy Principals want to know about all incidents of bullying so that they can investigate allegations and uncover perpetrators. High has a zero tolerance policy on bullying of any kind.

## Public Speaking

On Thursday 19<sup>th</sup> June the Trinity Grammar School 10<sup>th</sup> Invitational Senior Oratory Competition took place. Congratulations to Zid Mancenido in Year 12 who received 2<sup>nd</sup> prize. Students were required to present an impromptu speech of 5 minutes after 10 minutes of preparation time. This is always a highly competitive event on the GPS calendar and Zid delivered an insightful and entertaining speech in order to earn 2<sup>nd</sup> place. Well done!

In other news, the first round of the Sydney Boys Junior Oratory Competition will take place next Tuesday at lunchtime in room 209. This competition is designed to provide an opportunity for junior boys to develop their oratory skills and listen to some entertaining speeches. Students will be asked to deliver a prepared speech of 4 minutes on a topic of their choice.

**Databases – Why use them and not Wikipedia or the Internet?** Because the writers of articles and opinions have been "vetted" by the database publisher – Not as credible as a long time book publisher but a lot better than free for all publishing. (What was good about books!!)

Remember to use some quite expensive Databases like Pro Quest you may find your **local library card** gives you the right. These are free and can be obtained by showing a rates notice at your Council Library

## SYDNEY BOYS HIGH SCHOOL: THE FOUNDATION YEARS

### AFTER SCHOOL (continued)

Given that many of the boys who attended the Castlereagh Street school were the sons of clerks and small tradespeople, it is not surprising that some excelled in business in later life. It is particularly interesting to note, given the Headmaster's advice about seeking a career with the AMP, that many old boys rose to prominent positions within the insurance industry.

**Arthur Malcolm Eedy** (1883-1886), the School's first pupil, became General Manager of the Mutual Life and Citizens' (MLC) Assurance Company and President of the Insurance Institute of NSW.

**Henry Ferdinand Halloran** (1883-1885), another pupil from the first enrolment, became a town planner and property developer. He launched land development schemes in many parts of New South Wales, from Lithgow to Coffs Harbour, and much of the NSW Central Coast around Avoca and Terrigal. He funded the Royal Society of NSW's two most prestigious awards, the James Cook Medal and the Edgeworth David Medal.

**Herbert Wilfred Pownall** (1884-1885) became the manager of AMP Victoria, 1933-1936.

**John Symonds** (1884-1886) became Chairman and Director of Peters Ice Cream. He was also the constructing engineer of the Cataract Dam.

**George Frederick Diamond** (1885-1888) became the actuary and general accountant to the City Mutual Life Assurance Society.

**William James Proud** (1885-1886) became Managing Director of Proud's Jewellers, having opened his first jewellery store in Sydney in 1903.

**John Boyd Cramsie** (1885-1886) became a pastoralist and Chairman of the Metropolitan Meat Industry Board, 1926-1931. He was also first chairman of the New South Wales State Meat Advisory Board. He effectively reorganised and rebuilt the Homebush abattoirs.

**Sir John Joseph Garvan** (1886-1888), at the age of 23 in 1897, became General Manager of the Citizens' Assurance Company which, after a merger in 1908, became the MLC Assurance Company. He became the first Chairman of the Commonwealth Bank in 1924.

**William Redmond** (1888) became the general manager of Tooheys Ltd, the chairman of the Brewers

Association and president of the Liquor Defence Association.

**William Addison Freeman** (1888-1890) was a company lawyer and managed NSW gold mines before becoming chairman of various companies with interests in Malayan tin mines and oil exploration in the Australasian region.

**William Philip Dunlop** (enrolled 1890) was a director and later chairman of a successful paper merchant and wholesale stationery business. He was president of the NSW Lawn Tennis Association in 1909-10 and 1914 and was senior vice-president of the Lawn Tennis Association of Australia in 1926.

**Arthur Malcolm Eedy** (1870-1951)  
*The School's first pupil, in later life.*

## ENGLISH REPORT

Year 12 students have been issued revision booklets for Area of Study, so they can apply their minds to a variety of challenging questions, practise writing essay scaffolds, introductions, complete responses in all the possible text types, and the oft neglected unseen Reading task and Writing task they will face in Paper 1. The boys who start revising and practising now will reap the benefits in the Trials and the HSC exams. Finally the Board of Studies has put out a new list of prescribed texts, and we in the English faculty have been ruminating on our modules and text choices for next year's HSC courses. It's great to see Shakespeare's **HAMLET** in the Critical Study of Text module, where you can really get stuck into it. It's a terrific play for young men, muscular, full of questions and energy. Regardless of which texts will be studied in 2009, every Year 11 student should seize the opportunity to catch the acclaimed Bell Shakespeare production at the Sydney Opera House.

Read what the Sydney Morning Herald critic says at

<http://www.smh.com.au/news/arts-reviews/hamlet/2008/06/12/1212863790703.html> then contact the SOH Box Office on +61 2 9250 7777 to book Optus under 27s discounted tickets (only \$30!!) This is a great opportunity for enrichment during the school holidays, and we can guarantee the boys a great night out. The season runs to July 12. The play's the thing. Snap up your tickets before it is sold out.

### English Faculty

Today's *Reading Torque* comes from Head Teacher History, Mr Con Barris, who is breathless about Tim Winton's latest offering.

*Take my breath away were the immediate words that came to mind when I saw Tim Winton's novel on the bestseller lists.*

*I thought of the time when I was at school and I was forced to read Vance Palmer's **The Passage**. I think I have been trying to identify that part of Australia ever since. Somewhere on the North Coast in an area where the holiday culture thrived and where time seemed to stand still. I laboured my way through the school novel as all my peers who weren't fortunate enough to locate a crib had to do. It was the book about the sea and our fascination with it.*

***Breath** was different since I was no longer the person avoiding what other people thought may have been literature. I wonder if it was imposed on those at school whether it would become a labour rather than the joy it is. Forcing the new relevant book is not always the way to sell it, but how else do we pick up good writing?*

*The novel is very much about risk taking in youth and Winton does it beautifully through his love of the sea, life and surfing. The setting of the South West gives it an indeterminate time frame, like Sydney at the start of the surfing craze in the 60s. We all had our love affair with the sea as we snuggled up to the coast and we took our various risks with the sea and surf.*

*The memory of being saved in the surf by your mates is one that doesn't easily fade and Winton recreates those experiences for me. The brushes with death throughout the novel create the drama for all ages. Vibrant youth associates life with risk while the oldies like me lust after that carefree age where finding the perfect day or wave revolved around simple pleasures. Monotony of life is averted by holding your breath, taking risks.*

*With its heavy reliance on the Sea and surfing, **Breath** is beautifully written with Winton's usual rich language and metaphors. I used to think he was over the top with his figures of speech but here it seems to enthrall. He captures the spirit of adventure and the sea and relates it to life and death magically.*

*If you listed what is in the book or the actual plot, you wouldn't do the novel justice. The plot is almost non-existent and at differing times the novel is about surfing, redemption, experiences of adolescence, risk, yearning to feel and pushing the envelope. For me the novel stands out through the richness of its language and the certain mystique that follows Pikelet, the main character. Being mesmerised by the narrator and the way he introduces Smokey and Nautilus is something I was able to share with Mr Beringer as we sat and discussed our latest read. There is a lot to be said for reading something from the best seller list, but even more when it is Australian and there are shared experiences you can relate to with a friend and colleague.*

Con Barris

# THE ONION BAG

After just one round the GPS football comp takes a break until after the holidays. Our next game is set down for Saturday, 26<sup>th</sup> July.

## GPS representatives

Congratulations to Lachlan Street, Daniel Campion (both 1<sup>st</sup> XI) and Jeremy Ireland, George Lo (both 3<sup>rd</sup> XI) for their selection in the combined GPS representative teams. All have been rewarded for consistent performances during the preseason matches.

## CIS cup

The 1<sup>st</sup> XI played an Independent Schools Cup match v Trinity. A poor first half saw High down two nil at half time, after struggling to adjust to the reduced time on the ball due to the small field. In an improved second half High, struck back with a penalty converted by Ronan Casey. A second, by Sam Higgins, followed shortly after and the 2-2 score line remained till the final whistle. This meant a penalty shoot out! With nerves of steel Ronan slotted home the first, countered by Trinity. High's second was finished off by Jason Cohn as was a third by keeper Lachlan Street. Then Lachlan saved superbly the last two Trinity attempts even after one had to be retaken. The final score was High wins 4-3 on penalties.

## Bill Turner Cup

High's 15A team took on Rose Bay Secondary College in a round 2 Bill Turner Cup match at McKay 4. After conceding an early goal High hit back with a long range effort from Gabriel Garayalde to level the scores at half time. The second half was a tight affair with both sides having opportunities to retake the lead. Late in the game Slava Reiyder from the 14s stuck home the winner. Congratulations to all the boys.

## End of Season Football Dinner and Awards night

Will be held on **Thursday September 4<sup>th</sup>** in the Great Hall, from 6.30 pm.

Please email [admin@gtmanagement.com.au](mailto:admin@gtmanagement.com.au) if you would like to help with this.

## Match Reports GPS Round 1

### 1<sup>st</sup> Grade v Joeys Lost 2-3

High 1<sup>st</sup> XI suffered a disappointing loss in a match played in slippery conditions. After conceding an early goal to a simple through ball, High equalised with a George Lo header. A second goal to Joeys saw them ahead until Jeremy Ireland's tenacity was rewarded with the equaliser. Joey's winner came as the result of an unfortunate defensive lapse which broke the hearts of the High boys.

### 2<sup>nd</sup> Grade v Joeys Lost 0-1

Our first match of the GPS season pitted us against a Joey's outfit that buried us 2-0 in the first trial of the year. After numerous permutations and combinations, coach Andrew Bennie settled on a 3-4-2-1 formation that was robbed of victory in the final trial match against Grammar after a last minute penalty was awarded. The attacking formation proved its worth against a determined Joey's outfit where High dominated possession, territory and shots on goal. We were unfortunate not to convert many of our well constructed chances. Tom Lindeback destroyed almost everything in his path as a defensive midfielder whilst Anthony 'D' Tsialis' new found confidence at centre mid meant that the supply from the back to our attacking trio as superb. The back three were near impenetrable and our young goal keeping whiz kept out all that Joeys booted at him. Unfortunately the final result (Joeys won 1-0) did not reflect the exciting brand of football displayed by SHS seconds. Some solid preparation over the next six games, as well as a little more belief in ourselves and our ability as a team should put us in good stead to charge up the ladder throughout the rest of the GPS season.

### 5<sup>th</sup> Grade v Joeys Won 5-1

The opening match of the GPS season garnered a great result for the mighty Fifth Grade. We played down at Tarban Creek, a field notorious for losing your balls in the water, and only minutes into the match just that happened, thanks to the crossing efforts of Nick Lindeback. With this fact aside, the game went very well and by half time the score was 4-0 in our favour. These four goals were courtesy of the always-scoring Mark Lucchitti and the short-but-strong-and-quick Simon Hoang, who each had two a piece.

The second half saw a slight loosening of our player positions, and we were unable to replicate that great first half. A goal was slipped through the mud and by our stand in keeper Clive Chen to give Joeys there only goal, however midfielder Michael Serban returned the favour by slamming the ball into the nets to give us a 5-1 lead. Late on in the half, a beautifully set up goal by Dominic Bowes, courtesy of a cross-bar rebound, was deemed off-side and so the scorecard settled at full time with a High School win of 5-1.

The game was a great way to start the season and once again, great work from Mark Lucchitti, who has scored a goal every game. The team's defensive line-up also earns a mention, because while backers Mishu, Arthur, Harry and Stanley (OK, so Stanley and Harry have actually scored) are rarely given an opportunity to score a goal, they do deny the other team countless opportunities to do the same thing. Good effort from all, good luck for next week.

By Pat Desmond, Captain

### 16Bs v SPC Draw 1-1

The game started off a little shakily with St Pats scoring a goal giving them the early lead. High's backline quickly regained composure to keep them scoreless until the half ended. With renewed confidence we went back in fiercely attacking the opponent's goal. After a few extremely close goals, we were finally rewarded when Ian Lu set up Nikita to score in tight space. We continued to dominate possession of the ball for the most of the remaining game to see some spectacular shots at goal but unfortunately we were unable to convert the opportunities. Special mentions to Matthew Fong for some great defence and to Jason Ding for the kick that should have been a goal.

### 14Ds v Knox Won 8-0

The 14Ds had a great start to the GPS season after we came away with a smashing 8-0 against Knox. Stunning performances by strikers Jerry Zhou and Sudam Dias earned them 5 and 3 goals respectively. Jerry opened the scoring with a brilliant nutty on the goal keeper after receiving a wonderful through ball from Vincent. The contribution and great improvement from this team made us full of confidence as the GPS season begins.

## **Regional SRC Report**

The Regional SRC meeting was held on Thursday the 12<sup>th</sup> of June at Sydney Girls High School. There were a great variety of schools in attendance, as we are part of the North-East Sydney region part, an area that covers schools from here to Blackwattle Bay. Representing the SRC of Sydney High were Nicholas Wong (11), Patrick Desmond (11) and David Nam (11). All three are regional SRC veterans, and went with the hope of making a good impression on the other schools. And we accomplished just that. Despite various printing problems, Pat Desmond, with the aid of other SRC Executives, managed to produce a visually stunning and informative half-yearly report that succinctly outlined the SRC activities this year. In addition, Pat also showed how capable Sydney Boys SRC members are, as he was elected as one of three people to represent the North East region at a State SRC level! Despite some very able candidates, Pat proved to be the most popular, with the final election results revealing that he had received more votes than any other candidate!

Despite such accomplishments, we did not walk away without gaining many insights. After hearing oral reports from the other schools scattered across our region, we were enlightened with further skills and knowledge that will help us achieve higher levels of achievement throughout the school community. The SRC will definitely be looking to increase its productive output as we strive to represent the student body as best as...*studently* possible.

## **SRC News**

The main focus for the SRC executive at the moment is to try to streamline the operating process. We hope that this will lead to a more effective system for SRC committees in the future.

The Sub Committees have been hard at work with a focus on raising awareness and organising social activities for students. The major events being worked on currently are the senior Trivia Night and a school-wide 'Dance Battle'.

Recently, we published an SRC half-yearly report stating our actions so far this year. If you are interested in obtaining a copy, access the SRC folder on the R:Drive and download the file.

As always, if you have any suggestions or you want to contact the SRC, go to our webpage at: <http://www.sydneyhigh.org.au/SRC/>

**Earn \$1000\* during the school holidays!**

The Sydney Theatre Company and Sydney Morning Herald are offering you the chance to win big bucks and kudos for your literary genius. All you need to do is write a one act play and submit it in this year's STC/SMH Young Playwright's Award competition.

Two winning scripts – one from the Senior (11 & 12) and Junior (7-10) divisions – will be read in a staged reading following an intensive two day workshop. The workshop will be conducted by a team of Australia's leading theatre directors, dramaturges and writers.

Turn your writing talents to the theatre and get yourself in the running for this unique competition. If you have ever even *considered* writing a script for the stage, this is your chance to give it a go and have your work read by professionals – and hopefully rewarded! Don't miss this amazing once-in-a-youthtime opportunity.

Deadline for applications in Friday August 8<sup>th</sup>. For entry form and writing advice, see Ms Jassy in the English staffroom.

\*Financial reward subject to your ability to win the young Playwright's Award.
