Oliver Kirk has been invited to participate in the AMOC NSW Extension Program, conducted at the University of Sydney for talented Year 7 students in mathematics. Well done, Oliver! To the students who waited to catch a bus on Cleveland St and who stepped back to allow a member of the public to get on a crowded bus, while they had to wait longer, well done! The gentleman was very impressed and rang the school specifically to praise all the boys at the stop for their demeanour and generosity. To the Music Staff, music students and Mr Hannon and his multimedia team, thank you for coordinating such a complex and interesting music in films multimedia concert on Saturday last. The spectacular finale had four conductors (including Thomas Wilson) synchronising their ensembles with the action on the three screens. Congratulations to the first grade basketball team for its historic win against Sydney Grammar last weekend. The first quarter defence was awesome and the outside shooting all game was really first class! Brian Lau (Year 11) has been nominated for Encore for composition. Well done Brian. Congratulations also to Zhi Zu (Year 12) for his selection to play in Encore, a concert of outstanding performances and compositions from Higher School Certificate Music students.

Explaining Absences

As I read through student reports I find a disturbing number of unexplained absences. Students do not seem to appreciate clearly that when they are away from school for any reason, that absence must be explained. There are various ways that this explanation can

be communicated: handwritten note, email, phone call, text message or fax. Doing nothing is not an option. I am writing negatively on reports where I see half a dozen unexplained absences or more. Please comply with school policy and either call the school before the absence or explain it ex post facto by email, letter or otherwise.

Electrical Substation Progress

Since 2004 we have been trying to secure an upgrade of our power supply. There was a productive visit this week in respect of the proposed electrical substation to be built on our Cleveland Street frontage. The Project Manager and Electrical Engineer were here to source a suitable site for the projected substation. It will bring high voltage power directly onsite from the other side of Cleveland Street. There are steps to be taken before design drawings are finalised and budgets are decided. Energy Australia and the Department of Commerce will establish a timeline for the project. I am assured it will be done in calendar year 2009. If so, the customary 6 year wait for such projects will have run its course. Much delayed projects like air conditioning the Junior Library will become possible once adequate power supply is assured.

Collection of Reports

Students in Years 7 and 10 should be completing their Clearance Forms and putting their names down on the appointment sheets outside the Principal's Office to discuss their academic progress for the year. It is each boy's responsibility to manage the signing off of the Form. There are still a few parents out there wondering why no Year 11 report has come home. Ask your sons!

An impressive boxing dual by Max Jones and Harry Heo introduced the Guitar Ensemble playing the theme to *Rocky* followed by *The Simpsons*. The Junior Percussion Ensemble added a lovely touch with their matching T-shirts of the 'Evolution of the Drummer' and performed to *The Lion King* followed by the Training Strings and Concert Band playing the theme to *Star Wars* and well known hit *I'm a Believer* from *Shrek*. The Chamber Choir sung *In Dreams* from *Lord of the Rings* before bringing down the house with Queen's medley where the sopranos high Bb in *Bohemian Rhapsody* wowed the audience. Senior Stage band stunningly performed the theme to *Shaft* followed by the Senior Concert Band making another appearance performing *Raiders of the Lost Ark*. The magnificent finale was a culmination of all the ensembles featuring the year 7 cohort performing *All Star* from *Shrek* which concluded the fun-filled evening.

However, a right-of-way boat or one entitled to room

(a) need not act to avoid contact until it is clear that the other boat is not keeping clear or giving room.

(b) shall not be penalized under this rule unless there is contact that causes damage or injury.

SBHS Squad member Profile:

Name: Adam Richards

Year: 11

Preferred school sailing boat: Pacer (due to the speed that teamwork can create.)

When did you start sailing: At the end of Year 7, from an interest in boating and a disinterest in rowing

What are some of your goals in sailing? To build our school team up to state-level sailing.

What has been your best sailing experience?

The amazing improvement of our junior sailors over the last few weeks has been great to watch and be part of.

MIC Mrs Collignon

(Last edition apologies – Marcus James- is a Year 7 student not a Year 8 student.)

Artefacts

The annual Art Exhibition is run in conjunction with the P&C. Food and drinks are provided. All Art, Music, Design and Film students are especially invited. Without their fantastic work there would be no show.

Art students are invited to offer their work for sale as an opportunity to experience the artist and agent world. They will need to organise this with their art teacher.

The Art teachers really hope to see our students and families on the night be it for a brief or longer visit.

HIGH 3/130 (20)

Due to rain during the week the match was played on a synthetic wicket in place of the previous week's turf wicket with King's making the decision to play a 20/20 match. High batted first due to the non arrival of the coach and several players and with the help of two Year 8 cricketers, finally fielded 10 players. We got off to a poor start due to the assistance of the officiating umpire with a pair of LBWs and from there the score gradually improved by a series of partnerships with Henry SIT 78n.o.(60 balls), Shuman HOQUE 23 (16) and Shimon DANZIGER 14 (8) the main run scorers.

Short of players Shore offered 2 substitutes to give us 8 in the field and then proceeded to take advantage of our shortage of fielders. However we regularly got wickets and they finished with 103 from 17 overs. We then batted with Vivian LE batting twice for (6) and (12), Lee MING also batted twice for (4) and (4n.o.) as we scratched together a total of 54 runs off our 25 overs

HIGH 5-111 (25)

After a loss on Day 1 of this fixture, a shortened Day 1 match was played on Day 2 due to wet weather and pitch condition. High got off to a good start against the opening bowlers but with the introduction of spin saw the run rate slow due to consistent bowling by King's. Run scorers were Owen DUFFY (50 ret.), Alexander HUGHES (32) and Lahiru KATUPITIYA (8). Our wkt takers were Lahiru KATUPITIYA 1/15, Ahdil ANSAREEN 1/6 and Dhruv GUPTAA 1/22.

GRAMMAR

Grammar won the toss and batted first and with High bowling tightly backed up by great fielding including 2 great run-outs saw them struggle to be all out for 102. Wicket takers were Agnish NAYAK 3/19 (5), Thilan SUBASINGHE 2/15(5) and Anirudh RAMESH 1/20(5). High then batted and produced our highest team score for the Term with Anirudh RAMESH (42), Michael LIU (28) and Thilan SUBASINGHE (19) the main run scorers.

HIGH

Grammar batted first and our bowling was great with everyone trying to minimize their score. The fielding was good with great stops and throws in the field and a spectacular run-out by Vincent CHEN and stumping by keeper Shuman QUAZI. High batted and all tried hard but we failed by 12 runs in the end when we lost our last wicket. Run scorers were Abhi DUTTA (21), Jeremy YAO (14) and Vincent CHEN (12). Our wicket takers were Victor HO 2/10 (5), Jeremy YAO 2/16 (5) and Vincent CHEN 1/20 (5).

DEBATING AND PUBLIC SPEAKING COACHING CLINICS

Why public speaking and debating?

Public speaking is a lifelong skill which underpins successful job and scholarship interviews, HSC assessments and all of those social remarks that we are called on make during our lives. But like any skill, it must be and *can* be developed. Speaking² focuses on this development whilst having fun along the way.

The January '09 Clinics

These holidays, Speaking² is running two clinics at Newington College. The first is a one-day public speaking program starting January 19. The second is a three-day debating clinic starting January 20. Our programmes are tailored to all skill levels and focus on structured development, aided by our complementary course guide, ready for the start of the 2009 season. Our coaches are young, motivated and many are **national champions, former Australian School team representatives and current national level coaches**. For students who have participated in a Speaking² program previously, we refresh the material presented in the past course and then extend that material beyond what they have already covered.

What students say about Talent 100

"Learning exam techniques is probably the most important thing that I learnt. It's very useful to know how to split a large question into parts and then answer the parts individually." (Justin H, James Ruse Agricultural)

"The course has helped me immensely with both understanding the theory and with exam technique. The way we worked through 'perfect' exam answers was especially helpful. Also, the set of notes to act as reference material looks useful, as was the interactive environment." (Ashish T, Sydney Grammar)

"I've liked the fact that everything was lively and happy, not boring. The course was made most effective by just answering the syllabus points, rather than adding useless information." (Benny S, Sydney Technical High)
