

## From the Principal High Talent

Congratulations to Luke Schroeder and the NSW U20 basketball team, who were runners up in the national basketball tournament. At the Roberta Nutt Shield Competition for fencing last weekend, Matthew Pellen (9R) and Kevin

Fernando (8T) won Gold and Silver respectively in the U15 Epée. Yu Ming Lee (7T) came through with an impressive Bronze in the U15 Sabre. Dylan Huynh (8M) won Bronze in the U13 Epée, and Yu Ming Lee (7T) brought home the Gold in the U13 Sabre. Congratulations to our fencers for their strong start to the season.

## Early Bird Discounts on financial contributions

There is less than a week left for parents to take advantage of the early bird discounts on our contributions package. Tuesday 28 February is the last day to receive the benefit. With the maximum contribution, you get the value of one year of equivalent private school education for your son, for about one-twelfth of the price. Please support the school in its goal to provide the opportunity for your sons to pursue excellence in a wide range of endeavours.

## Weights Room

Yearly memberships for the weights room close on Tuesday 28 February. If you want to have unlimited access to a supervised weights program, act now. No further memberships will be allowed after this date. At just \$240 for a full year of unlimited supervised sessions, this is great value for money.

## Presentation Night 2017

Our guest speaker, Mr Grahame Campbell, modelled the academic-co-curricular mix, by playing his clarinet for us, and by recounting an interesting story of his journey

in consulting and petrochemical engineering. He stressed that getting to know the social and political issues, culture and views of people in whose countries you were working, was vital to the prospects of a successful project delivery. He found a way to connect with people wherever he went through his music. My speech is reprinted below:

Special guest, Mr Grahame Campbell (SHS 1960), Lady Joan Cutler, Mr Vince Del Zio (CEO Sir Roden & Lady Cutler Foundation), Prof. Ron Trent (President SBHS Council), Mr Geoff Andrews (Chairman, SHSF Inc.), Corporal Ben Elson ADF, guest presenters, staff, parents, Old Boys, and prize winners – thank you all for joining us this evening.

This year we celebrate having Killip Wing refurbished with new external downpipes and exterior painting. Also, the northern wall of the main building was painted, giving our presentation to Moore Park a much-needed facelift. An additional 23kw of solar power generation was added, thanks to the generosity of several High families. Our P & C paid for our sound and AV upgrade in the Great Hall.

High completed an external validation process against the School Excellence Framework where in all areas, we met or exceeded our self-evaluation status. Our inaugural 'Illuminate Festival' was a celebration of our cultural intelligence – in music, art, drama and film. Our first year of reporting specifically on student capabilities in problem-solving, evaluating, working in teams, communicating with others and creating and innovating, was implemented successfully. We are aiming to provide parents with a growth profile in these skills from Year 7 to Year 9.

At the 2016 HSC, examination targets for means were set for each course. Fourteen courses exceeded them and eighteen did not. In percentages of band 6/E4s targets for each course, twelve courses achieved their targets and twenty did not. Our top three z-scores were: design and technology (1.59), drama (1.33) and PDHPE (1.327). The average ATAR for 209 students was 93.12 with just 76.6% of boys earning ATARs of 90 or higher. A high 8.6% of candidates earned <80 ATAR. Thirty-two boys who enrolled after Year 7 by means of our local selection scheme averaged 92.76 ATAR, just 0.5% below the 177 selected by SSET results (93.23).

Outstanding HSC individual results this year included Aidan Karahasan and Anthony Chen

scoring maximum ATARS. In our HSC course top ten results, Aidan came 1<sup>st</sup> in physics, 5<sup>th</sup> in chemistry and 7<sup>th</sup> in extension 1 mathematics – an impressive consistency of excellent scholarship. Preetham Kadappu ranked 2<sup>nd</sup> in chemistry and 3<sup>rd</sup> in physics. In extension 2 mathematics, Amit Singh Deep was 6<sup>th</sup> and Kabir Agrawal 9<sup>th</sup>. Andrew Wu was 8<sup>th</sup> in chemistry.

While our HSC results overall were not up to our high expectations after a two-year period of growth, they were still solid and our co-curricular achievements, some of which are highlighted at the end of the printed program, were very strong. In particular, winning five GPS Premierhips and back-to-back GPS debating, is a notable achievement! We have installed a sign identifying the corridor space 'GPS Premierhips Gallery'. We have had to commission a third GPS Premier Honour Board. It took 67 years to fill up the first one and forty-two to complete the second one. I hope the third one will be the quickest! Our Second Grade Premierhip Honour Board has nine entries since 2000. There were only seven earned between 1906 and 1999. We also needed a second honour board to record the names of more than 50 Old Boy university medallists.

To honour the spirit of the sportsman-scholar, this year I have instituted an award to recognise those boys who showed excellence in academics (an ATAR of 99.5) and sport (first grade GPS competition). The Scholar-Sportsman Award reinforces our core values by appreciating high achievers who maintain a well-balanced life by also representing the school at the highest level in a GPS sport.

We have acquired a new honour board commemorating CHS Blues recipients. I want to thank Mrs Elizabeth Phipps for her generosity in making this donation to recognise elite sportsmen, including her son.

Our school trophies were made in house this year. The school purchased and installed a laser cutter. Ms Dam sourced the acrylic and had oversight of the project. Mr Comben did the design work and the coding. Many hours of work were invested by teachers and current students, in particular, Jack Jiang and Shourov Quazi. Thank you to everyone involved.

This evening I would again like to share some thoughts with the graduating Year 12 group about the world High alumni are moving into. One doesn't have to be a Marxist historian to understand, that first social, and then political movements, have their genesis in changes to economic conditions. The globalisation of economic activity made possible by improved transport and the very rapid growth of technology, particularly in data storage and manipulation in devices, from mobile phones to mainframe computers servicing the cloud, has created international winners and losers. In developed countries, the winners are in services industries and those trading in the internet of things, the losers are in manufacturing. The proliferation of robotics in manufacturing has made many jobs redundant. Companies outsourcing and offshoring have benefitted developing economies by relocating labour intensive tasks to where there is cheap labour by global standards.

Nowadays, our economic realities are grounded in interdependence and interconnectedness.

There have emerged political movements led by people who purport to represent the interests of those disadvantaged by globalisation – workers in traditional industries like steel making, car manufacturing and whitegoods. Populist leaders champion pushback against the effects of globalisation, appealing to nationalistic sentiment. They argue that the inexorable changes to economic life, occasioned by globalisation, can somehow be stopped, delayed or at least lessened, in their effects on the forgotten workers, who were the backbone of the superseded industrial economy. People who don't want the world to be the way it is are finding voice through politicians who say they have a solution – they can fix things and bring back the good old days. They scapegoat minorities and play to xenophobic tendencies.

Exacerbating the international situation is mass migration. There are more than 50 million refugees or displaced persons seeking resettlement and opportunity. They may well become the catalyst for the demise of the European Union. Individual governments have found the scale of movement overwhelming. International terrorists use porous borders to move freely between the Middle East and Europe. Public compassion is waning as the millions keep coming and the financial and logistic burdens on host countries keep growing. Unless sectarian, ethnic and terrorist violence in Africa and the Middle East is controlled or stopped by force of arms or negotiated settlement, mass migration will continue and force Europe to change

The Trump presidency might trigger a 'rebirth of freedom' style backlash in the Republican Party, with republican values reinstated: a renewed reverence for truth, a more sober patriotism, leaders more grounded in duty, a renewed respect for law, a greater commitment to tradition, and a deeper knowledge of US history. Alternatively, Trump might just become 'a subject of horrified wonder in our grandchildren's history books'.

Whatever happens in the USA, Australia needs international free trade and open borders. You will be entering the workforce at a time of great uncertainty and heightened tension, as China flexes its muscles in the South China Sea. Australia is likely to face a forced choice dilemma in foreign policy – China for trade or America for military protection. As High boys, I expect you will have the flexibility, resilience and interpersonal skills, to thrive in an uncertain world, however it operates.

Congratulations to all our award recipients this evening. I wish the Class of 2016 good fortune, personal and professional success, and a fulfilling life in the years ahead. It was an honour and a privilege to serve as your Principal.

**Dr K A Jaggar  
Principal**

## Meet The Prefect Intern

Just as the class of 2022 begins their first ever week of their High school lives today, we, the class of 2017 prepare for our final year. Sydney High boasts a diverse range of opportunities which can all offer life-long memories as well as providing the means to develop as a scholar sportsman. Throughout my five years at Sydney High, I have had the privilege of experiencing a wide range of opportunities spanning from community service, to basketball, athletics, and to the hours drilling out countless past papers right before exams. By being involved in these activities, my passion to work as part of a team and to develop as an individual has been greatly enhanced. This was only made possible by High's culture embracing personal achievements as well as encouraging and rewarding consistent effort.

As some of you may know, I enjoy playing volleyball and have been involved with the program since Year 7. To me, being able to take part in the sport with friends that I have developed trust in over these 5 years, is an extremely valuable experience that I have been able to enjoy. I encourage you all, to get involved and to find passion in your activities, regardless of which aspect of school life it is, and I promise that you will be able create memories that you will cherish in the future.

As part of the prefect body of 2017, It is my hope that we will leave the Great Hall on graduation day taking pride in our achievements to improve student welfare, and to have greatly encouraged 'High Spirit' throughout the year.

**House Captain Fairland**  
**Stand Tall: Stand for All**

## P & C News

### Year Group Parent Representatives

The P&C is delighted to announce the appointment of twenty-two, Year Group Parent Representatives. Their names with their respective year groups are printed below.

12	Nan Chen
12	Sam Guo
12	Judith Love
12	Razmi Marzook
12	Asif Mulla
12	Sharon Wang
10	Edward Dorahy
10	Andrew Chew
10	Lyndsay Chan
9	Swati Pant
9	Letty Chan
9	Angela Lam
9	Stephanie Fung
8	Mai Hamed
8	Janet Xie
8	Saravana Sivaraman
8	Shiwani Sanghvi
8	Deepali Johri
8	Arti Shah
7	Fred Mao Bin Shao
7	Susan Mitchell
7	Stephanie Francis

The Principal, Dr Jaggar, is very keen to hear parents ideas, views and/or concerns on ANY aspect of schooling at Sydney Boys.

He understands some parents may be reluctant to raise some matters directly with him about the school or their child's welfare at school, so as an alternative, you can raise it with your Year Group Parent Representative and they can then raise it with Dr Jaggar anonymously.

Some examples of topics that may be raised could be; school security; security cameras; providing a safe learning environment at school; Saturday sport

communication; Working with Children volunteer checks; fundraising ideas; air conditioning.

To do so, please email [sbhs.pandc@gmail.com](mailto:sbhs.pandc@gmail.com) with your name and son's year only.

We will then connect you to the appropriate Year Group Parent Representative to discuss in detail before representation to Dr Jaggar.

Alternatively, if you know any of the parent representatives above, you are welcome to discuss it directly with them.

As you can see, we urgently need Parent Representatives for Year 11. If you are a Year 11 parent and would like to represent the parents in that year, please contact [sbhs.pandc@gmail.com](mailto:sbhs.pandc@gmail.com)

**Hieu Bui**

### Junior Debating Club 2017

Debating provides experiences that are conducive to life-changing, cognitive and public speaking skills. You are also able to understand how to deploy rational, reasoned arguments and compelling evidence in to action, instilling a great sense of poise and confidence and teaches you

**Join the  
debate**

the skills of researching, organising and presenting information in a compelling fashion. Along with Friday afternoon where we are very lucky to receive professional coaching, the

Tuesday Lunchtime Debating Club for year 7/8 focuses on the basics of debating in a positive environment. You can learn from Year 12 debaters who can relay to you what debating at Sydney High is like. If you are interested, come along next Tuesday to room 205 for a helpful and enjoyable experience!

Remember to sign up for the debating email which comes out every week by sending your name and year group to [sbhsdebating@gmail.com](mailto:sbhsdebating@gmail.com)

**Akeedh Razmi**  
**Debating Prefect**

### HIGH SAILING

#### Sailing Report

Sailing on Saturday consisted of fleet racing followed by teams training. A fresh breeze persisted throughout the day, allowing all sailors to practise their heavy wind sailing, including hiking and keeping the boat flat. Fleet racing consisted of skippers Patrick Han, Tim Zhang, Dallas Yan, Edward Heaney, and Ethan Tay. The crews were Thomas Smallbone, Nithin Raghavan, Dylan Huynh, Arion Sclavenitis, and Leon Chai. Strong winds were not favourable for the day's squad.

In the first race, Dallas and Thomas were pushed to the left side of the course from the start line, and were met at the top mark by starboard boats, slowing them down considerably. Furthermore, they struggled to keep the boat flat with a combined weight of about 95kg. Most of the other boats had similar struggles, with Patrick Han and Edward Heaney being the only crew heavy enough to hold the boat flat. However, inexperience in heavy breezes led to losing a few places. Dallas and Thomas finished in the middle of the fleet, with Patrick and Ethan not far behind. Tim and Edward finished in the lower part of the fleet.

The second and third races began with Edward Heaney behind the line, still cautious about hitting boats on the cramped start line. The experience in heavy winds will be very beneficial. Dallas took the right side of the course in these races to avoid being caught on port. To do this, he jammed into the start line, on the boat side, slightly late and tacked off immediately. Ethan and Patrick had some nice races, finishing in the middle of the fleet. Tim also finished just behind the two.

After a quick swap over, the teams racing team began training. The team consisted of Alex de Araujo, Max Wharton-jones, Jack Vorgias, Kai Huang, Nicolas Palmer, Ben Kernohan, Jarrod Khaw, Edward Heaney, Dallas Yan, and Julian Alcorn.

Training began with looping the coach boat to practise quick tacks and gybes. Crews were constantly swapped, as we sought to find the optimal combinations. Soon we moved to a fleet-styled two lap race around a set of upwind-downwind marks. The first race went to Alex de Araujo after a nice start.

The format then changed to an upwind leg with a gateway at the bottom, allowing the sailors to choose whether to round either mark. In the first race, Ben was in the lead on the way to the first upwind mark, however, he was starboarded by Alex, and was unable to recover before being met at the mark by Dallas and then Kai. On the downwind, although the left mark was favoured, as it was closer to the top mark, Kai forced Dallas to round the right mark by pointing him up through the overlap. However, Dallas used his upwind speed to push in front and round the top mark ahead of both Kai and Alex, cruising to the finish. Dallas won the races by being on the line every time, even though he started towards the unfavourable pin end.

The format changed again to a two on two teams race. In

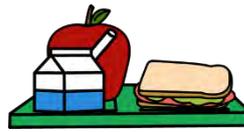

this style of race, the team that gets a first place is the winner. The first race paired Dallas and Ben against Alex and Kai. Dallas used his usual

starting tactic, sitting to the right of the line and drifting underneath it. However, Alex and Kai sat under him, pushing him up and not allowing him to reach the line. Ben then stopped underneath Alex and Kai, allowing Dallas to tack off and giving him room to start. This allowed him to start almost half a minute before everyone else, with Ben holding back Alex and Kai, allowing him to win the race. The next race had Dallas and Alex race against Ben and Kai. This time there were no team tactics at the starting line, and all sailors went for speed. Dallas and Alex easily had first and second on the upwind leg, however, Alex showed great teamwork trying to slow down the opponents and give Dallas an easier path to the finish. This backfired with Alex ending in fourth, however Dallas did win the race for the team. The last race of the day having kept those same teams resulting in Ben, after a great start, went on and nobody else could catch up.

The day ended with some drills on the way back, tacking in unison and stop-starts with head coach Adam South giving tips along the way and improving our heavy wind sailing. It was a great experience for the team to get back into teams racing.

**Mr M Cotton**  
**MIC of Sailing**

## From the Canteen

Welcome back to another busy year at High. It is particularly exciting to see a new cohort join the High community and forge lasting relationships.

Run by the P&C, the High canteen not only provides an extensive range of healthy hot and cold options for our hungry boys, but also raises substantial funds for specific projects. This is possible primarily due to the support of our dedicated parent volunteers who assist canteen managers Tracey and Karen. In fact, we are one of the few high school canteens to do so. If you have a few hours to spare each month, please do consider joining our canteen roster by calling 96629350. Besides keeping our costs low, it is a great way of making new friends and staying in touch with extended High family. Language is never a barrier and full training will be provided.

Thank you to all our previous years parents, who have committed to another year and to the new parents, who have already signed up at the Orientation and Welcome events, for the monthly roster and as emergency contacts. We appreciate your ongoing commitment to the High cause.

We would like to acknowledge the following parent helpers for the past few weeks:

**MON:** Swimming Carnival  
**TUES:** Vivian Huang, Katherine Ng,  
**WED:** Mai Hamed, Theresa Tran, Tina Zeng, Penny Chan,  
**THUR:** Su Ren, Stella Tsui  
**FRI:** Hailing Chen, Sam Guo, Penny Chan

**MON:** Penny Chan, Romona Ren,  
**TUE:** Penny Chan, Mel Crainic, Yu Liu(Frank), Letty Chan, Mai Hamed, Shannon Hickey  
**WED:** Kai Wang, Jenny Chiu, Joanne Wong, Faidha Razmi  
**THUR:** Emma Fang, Penny Chan, Pit Trent, Xing Ping Zhang,  
**FRI:** San San Myint, Pamela Shi, Judy Zhu, Penny Chan, Olex Putilina

**MON:** Binita Ghosh, Lisa Fackender,  
**TUE:** Jun Wang, Fiona Wang, Vicki Roberto, Annie Yu,  
**WED:** Wei Li (Michelle), Mark Zhu, Fan Chen, Stephanie Fung,  
**THUR:** Joyce Yuen, Arti Shah, Likang Wang, Lynn Teo  
**FRI:** Lein Tran, Kathryn Cook, Edwina Henning

High Canteen strives to be an inclusive one. If your son has allergies or special dietary requirements, please consider visiting the canteen premises to discuss options.

Karen & Tracey are always ready to accommodate special requests and value suggestions/feedback.

**Usha Arvind**  
President Canteen Committee

### Sydney Boys Tennis

Last Saturday, 18 February, saw the return of the regular season GPS tennis. Our competition was St Joseph's College and I am pleased to report that we won 76% of our matches across all ages, including our brand new U13s who have only lost two matches out of twenty four. First grade are still on top of the ladder increasing their lead over Newington by two (we play Newington this Saturday at Newington 12:30pm start, get down and support). 2<sup>nd</sup> grade are trailing The Scot's College by half a point for the top spot.

# SHOOTIN' HOOPS

---

Hello all to another week of Shootin' Hoops! There has been some great improvement in the teams since High last played Joeys, **including 14As first win!** 15s and 16s were oh so close to winning **all** their games, with both F grades unfortunately just falling short of a win. Opens continue to slug it out every week, with most of their games ending with a win. First grade had a difficult game, but things can change in the coming round against Newington.

Special mention to Luke Schroeder who represented NSW over the last fortnight and came second in the nation for U20's! Congrats to Luke for this massive achievement! Let us hope he can play this well for SBHS in future.

In other news, the NBL post-season has begun, featuring the Perth Wildcats, Cairns Taipans, Adelaide 36ers and Illawarra Hawks. Unfortunately the Sydney Kings once again weren't able to make the post-season, but things are definitely looking better for the future; the Kings' win/loss record improved by 7 games, under the supervision of head coach Andrew Gaze. It will be interesting to see what happens next season.

The NBA recently had its All-Star Weekend, and what a weekend it was. Glenn Robinson III topped the Dunk Contest, Eric Gordon surprised everyone by taking home the Three-Point Contest, and young star Kristaps Porzingis won the Skills Challenge. Not to mention the All-Star game, with Anthony Davis winning All-Star MVP and leading the West to a win. High plays Newington in the coming weekend, and we feel that we can win. Whether you are in the A's or the F's, when you step on that court, play hard and have fun! Make sure to bring your A-game. Play Hard, Play Smart, Play Together. Go High!

## Mr Hayman's Team of the Week: 15As/14As

An impressive team victory....

A great team effort to get to St Joseph's College at 7am on Saturday. Many team members and the coach travelling the long distance and changing their weekend's plans to prioritise SBHS school sport.

Eoin Fitzgerald 21 pts, Adam Gordon 10 pts, Agustin Palais 10 pts, Kristian Lisisca 7 pts, outstanding rebounding, defence and passing by Ratch Prekpanarut, Kwabena Brefo, Steven Huang, Anthony Lin, Mitchell Sawyer and William Chen.

Congrats to coach Nathan Sutton and his 14's age group!! The first of many wins to come!! Keep up the hard work gents and don't be satisfied

See following page for the results table

Luke Schroeder, winning at the nationals

Go HIGH!  
Play Hard, Play Smart and Play Together!  
Thanks to everyone who makes Shootin' Hoops possible  
Brought to you by Adam Gordon and Alex Zhou

### Cricket Report

For 1<sup>st</sup> and 2<sup>nd</sup> XI GPS points ladder please go to:  
<http://aagps.nsw.edu.au/summer-sports/cricket/>

During the week I see our boys train just as well as any other school. They bowl well, play their shots and score runs. So how do we transfer that into our Saturday matches? Simple!!! We wake up on Saturday morning with the belief that we are going to win. When we go onto the field we "play to win". But how do we go about "playing to win"? Again it's simple. The aim of the game is to score runs and take wickets. So when we go out to play we have the intent to score runs and take wickets. The hard work our boys have put in to improve on their technique has come a long way. We do not look out of place. We are not being beaten because the opposition

are far superior to us. It's in our mental part of the game. It goes back to what I said. Keep it simple. Wake up that Saturday morning with the belief that we are going to win and will play to win from the first to last ball of the match.

The U13s played their first match for the school and they were all very excited. We knew our 13As had a strong bowling attack and they showed this by restricting Joey's to under 100 runs. The boys came out with a positive attitude and demonstrated a will to win by playing shots and scoring runs. If it had not been for the rain, I believe they would have gone on to win that match.

The 15As and 15Bs were both in dominate positions to win their match as well, before the rain came down

U13s, Jerald Joseph bowling against Joey's

and cancelled the remaining part of the match. They continue to train at a high level and go into their matches knowing they are prepared, and can win their match.

The future looks bright for SBHS cricket, but we need to start transferring what we have learnt during the week into our games.

1<sup>st</sup> XI, Abhijot Singh bowling against Riverview

We will be sending information about the End of Season Dinner in the coming weeks. But, for now please place the date Friday 17 March into your calendar for the event.

U14Bs waiting to bat against Joey's

To all parents and players, don't forget to go through the points below:

- Please make sure that all the boys wear SBHS logo hats and tops.
- Make sure they drink plenty of water and carry a drink bottle with them to training and fixtures.
- Please notify their coach if they are unable to attend training or their fixture.

MIC of Cricket

# Sydney High Annual Cricket Dinner 2017

All players and parents are warmly invited to help celebrate Sydney Boys High School Annual Cricket Dinner. The night is an opportunity for all players, parents and coaches to acknowledge the season and meet other friendly faces in the HIGH Cricket Community. The night will involve a talk from the MIC of Cricket and each coach will present their teams with awards for Best Bowler, Best Batsman and Best Fieldsman.

- When:** Friday 17 March 2017
- Time:** 5:00pm – 9:00pm
- Where:** The Great Hall, Sydney Boys High School  
\$40 per person, please pay at the school front office. – Limited to 220 tickets
- Cost:** NB: Proceeds from ticket sales etc. go into the Cricket program to help improve future cricketing experiences for our students.
- RSVP:** Friday 10 March 2017
- Dress:** All students must wear full school uniform
- Beverages:** BYO  
\*Vegetarian and halal diets catered for

Please return the lower half of this page with your payment to the main office.

The coach of each team will be invited to attend the dinner as a guest.

Players are asked to take responsibility on a team-by-team basis for any end-of-season gifts to their team's coach.

---
