

From the Principal High Talent

At the season-ending GPS Swimming carnival there was a large and enthusiastic crowd of High supporters. It was super tough competition for us. We trailed behind the field in Junior and Intermediate divisions but finished sixth in the senior division. Allen Guo scored High's only win of the evening in the 17 Years 50m breaststroke division. Patrick Yi came second in the U14 50m breaststroke championship and was third in the U14 100m freestyle. Jaden Yi placed second in the U13 50m breaststroke championship. Congratulations to our boys who placed and to all those who competed. Congratulations in particular to our GPS combined representatives who will compete at CIS: Adam Feng (12S), David Goh (11R), Ike Matsuoka (9M), Patrick Yi (8F) and Jaden Yi (7T). These selections prove that you can be a representative swimmer if you train very consistently and race hard at every carnival. Well done to Anthony Vlatko (11F) who won the Australian U18 800m in 1.50.02. Rowan Tan won gold in the triple jump with a record 12.89m. Kane Shields, running up a year in U15s, claimed a bronze in 2.03.40. Great work, boys!

School Athletics Carnival

The school athletics carnival was managed efficiently again by Kurt Rich. I want to thank him particularly and staff generally for their work on Monday last. The event is about participation, so it was pleasing that so many boys had a run or two and did a field event.

School records were broken in U15 100m (11.57) Kazi Hasan (10S) and the U15s House Relay 49.69. Age Champions were: 12 years Safiy Zanjani (7E), 13 years Joshua Suto (8S), 14 years Rowan Tan (9M), 15 years Felix Cao (10T), 16 years Sudaraka Pieris (11M), 17+ Julian Markworth-Scott (11E). Congratulations to the age champions!

Year 7 Progress Reports

Parents should have been notified about our Year 7 Progress Reports. These reports are aimed at giving parents an understanding about how their sons are transitioning into high school. The emphasis is on socialisation and how boys are coping with the work. Their ability to get organised and meet their commitments is being assessed. These are dispositional rather than academic reports. Faculties have varying styles of reports and methods of communication to parents. Ask your son about his Interim Report.

Driving on School Grounds

Students move around inside the school grounds very frequently, presuming they are safe. They frequently do not attend well to their surroundings, being distracted by their friends

or technology. They may run out from behind a parked car or across a driveway. In the area in front of the UTS gymnasium there is a great deal

of pedestrian and vehicular traffic. Several cars driven by parents have been observed travelling towards the school building at speeds well in excess of 10km/hr. They also execute three point turns in the bus bay area where visibility down the hill is poor. We ask parents to respect our speed limits and to use designated drop-off zones.

Parking is **rear to wall or rear to fence** to maximise driver views of the roadway. There have been several tragedies involving SUVs and small children in recent years in schools. In the interests of providing the maximum possible safety for our students, staff and visitors, please be careful when parking and when exiting the site and please drive slowly in school grounds. Try to enter by gate 1 and exit by gate 2 whenever possible.

Keeping Offseason Fitness

At various public occasions I have spoken of the need for our boys to maintain their offseason strength and fitness. Some boys pursue a high level of performance in one sport but then do not compete with the same intensity during the next season. Many of our boys become 'detrained', that is to say, their level of strength and fitness falls below their in-season capacities. This means that summer season coaches inherit detrained boys from winter sports and vice versa. Our performances overall are limited by fitness levels at the beginning of a season. The rationale for having only full year memberships for the weights room included the idea that boys would train all year because it was paid for already. There are three remedies. First, the school should enforce the Sports Policy so that all sports do two intense, meaningful training sessions each week. The top two teams in each sport should have three organised sessions. Second, boys should do off season sessions of their own eg rowers could do an erg session each week in the off season in their own time. Third, boys should want to compete for the school at the highest level that they can during each season.

Sick Students at School Policy

Many students present to 'sick bay' with a variety of ailments. A School *First Aid Officer* makes an assessment of their condition. Many injuries are treated on the spot and the cases are managed between the school and parents. If the presented **symptoms are serious**, an ambulance is called and parents are notified of the School's action and where the student has been taken. If the student just needs time to rest, lounges in 'sick bay' are provided. In the case of sprains and minor injuries, parents are notified and arrangements are made for students to wait until the end of the day or make their way home straight away, if the parents and the School agree and there is someone at home to care for them. There are cases where the student is clearly ill but is not serious enough to be hospitalised, and parents are contacted and asked to come and pick up their son.

Usually, parents find a way to pick up their sons within an hour of being notified. Parents are reminded that the School has **no resources to devote to caring for sick students at school** if they need constant supervision. The School reserves the right to call an ambulance and have a sick student taken away if parents do not agree to attempt to pick up the sick student within an hour after notification.

Meet The Prefect Intern

"You never really know what someone is going through. That mate who sits next to you in class could be struggling at school because he feels like he doesn't have any friends. That girl you see at the library studying till late everyday could be there because her parents argue every night. That boy who shows up late to class every time could be because he stays up at night thinking that he's not good enough. Everyone is fighting their own battle, and I know how it feels to bottle your insecurities, your guilt, and your pains within because you feel like no would listen or you're just simply too ashamed to share.

Whatever the reason, I don't want anyone to go through it alone. I am a welfare prefect simply because, I care about you. Over my hectic time at High, on the sporting field and in class asking a gazillion questions that go around in circles, I realised how easy it can be to neglect your mental well-being. Just like how you would easily hit the gym to improve your physical well-being, asking for help from a counsellor or even from your mate to improve your mental well-being shouldn't be so hard. So let me help you find the courage to speak for your mind so that one day, you and I can finally find peace within our own battles."

Welfare Prefect

Letters Re Student Absence/Late Arrival/Early Leave

When your son returns to school from being absent he is required to provide a letter of explanation signed by a parent or guardian. If your son is going to be late for school a note is also required. Alternatively, you may contact the school by phone on 9662 9300 and dial "1" for the absentee line.

If your son has an early leave note he is required to have his note signed by either Mr Dowdell, Ms Powell or Mr Prorellis **before 9:00 am** and handed in to the Main Office immediately after. Each letter should be signed by a parent or guardian with the **name, date and roll class** of your son **printed clearly**. Your son needs to pick up a leave pass from the Main Office before he leaves the school.

THE PREMIER'S READING CHALLENGE

Reading is a sure fire way to improve your Naplan literacy.

Yes everyone we love you to enter this challenge and we received a reminder email last week from the organisers sending out their 2018 poster which we put up in the Junior Library last week.

START READING RIGHT NOW - 20 BOOKS BY AUGUST

All Years are encouraged to represent their school in this State Wide Challenge.

Last year we had a record number of entrants but there is tons of room for improvement.

If you enter this 20 book reading challenge you will also receive 3 Award Scheme Points for representing your school.

All of Year 7 will have a lesson on entering the Premier's Reading Challenge in their Wide Reading period next term.

We expect every Year 7 student in our Selective School to enter and complete this Reading Challenge. We know you have the ability to read 20 books suitable for your age group

You need to go into the PRC Website and enter your own books into the Challenge. E books, also count.

Enter "Premier's Reading Challenge" as an Oliver search term and you will find the 2018 books in this library all listed for you.

DEBATING

Debating Report

This year we have so many new and amazing coaches that I thought it would be a good idea to get a short introduction from each of them. We still have a few additional coaches that are coming on board due to our ever increasing numbers, but here is the body of SBHS debating coaches for 2018.

Rachel Powell
Deputy Principal

Albert	<p>My name's Albert, and I'm a fifth year mechanical engineering student at UNSW. I graduated from Sydney Boys in 2013 and was a long-time debater all the way from Year 7, being on multiple GPS teams as well as the Hume Barbour winning team of 2013. I'm also one of Sydney Boys High's very rare engineer-coaches, and in my spare time I absolutely delight in building useless devices like race cars and kids' toys. I also make a mean spaghetti.</p> <p>In my time debating at High, I learnt extremely valuable skills which have served me time and time again in high school, university as well as in employment. The amazing coaches and support for the debating program at Sydney Boys made that possible, and so today I'm honoured to be counted as a coach at Sydney Boys as well. It is quite a pleasure to be able to give back to the program that gave so much to me, as well as see today's rookies start their journey into future debaters and Hume Barbour champions. To the kids I had five years ago who are now in Year 11, do us all proud, alright?</p>
Alex	<p>I'm Alexander and I am studying Honours in Pathology at The University of Sydney. I graduated from Ipswich Grammar School (Qld) in 2015 where I was Captain of Debating. This is my third year coaching debating, but my first at Sydney Boys High School. I look forward to continuing a job I enjoy.</p>
Ali	<p>I'm Ali and I'm studying Arts/Law at UTS.</p> <p>My debating highlights include breaking at the Australasian Debating Championships in Korea and Perth; breaking at the Australasian Women's Debating Championships in Canberra; and being appointed as a Deputy Chief Adjudicator of the Australian Debating Championships (Easters).</p> <p>I love coaching at SBHS because Ms Powell is an incredible leader; I value public education; and I enjoy working with students who are clever and competitive.</p>
Andrew	<p>I'm Andrew and I'm a SBHS Old boy (Class of 2014). I'm studying medicine at UNSW and I've been debating for over 10 years now. To me, debating isn't just about learning how to argue, it's about developing as a more rounded human being: learning how to speak in public, becoming more versed in world and local news, thinking about topics and ideas that you wouldn't have otherwise. Debating presents a lot of opportunities to grow in many different useful and fun ways. I can guide you through the ins and outs of everything and help you develop skills that you'll undoubtedly appreciate in future, but in the end it's up to you to put in the effort to make the most of what debating offers.</p>
Aroon	<p>My name is Aroon Parthasarathy and I currently study commerce/law at UNSW.</p> <p>I started debating when I came to SBHS in Year 9 and was very fortunate to be in the GPS B team. Debating for High is a fantastic experience and I encourage any tentative students to give it a go! Since then I debated in third grade in Year 11 and 12 winning the infamous FED B title.</p> <p>I hope I can give back to the program that has helped me improve my oral and analytical abilities more than anything else that I did in high school.</p>

David	<p>I'm David (SBHS 2017), currently a 1st year student studying Arts/Law at UNSW. I started off as a non-GPS Debater in Year 7, I was eventually part of the Year 10 team which won both GPS and the PDC State final as well the 1st Grade Team which moved on to become GPS Champions! More recently I have moved onto debating at UNSW as part of an Easters team, and have been adjudicating the Eastside competition.</p> <p>I am passionate about coaching the next generation and giving them the same opportunities I had to improve; I have great joy in being able to take the Year 7s into their first steps towards the world of debating!</p>
Desmond	<p>My name is Desmond, a SBHS graduate from last year. I'm currently undertaking studies at UNSW in Commerce/Law, hoping to major in Accounting. My enjoyable years at High was underscored by the debating program which gave me so many opportunities to improve and become the person I am today.</p> <p>After participating in debating at High for all six years, my experience culminates in my selection into GPS Thirds in both Year 11 and 12 as well as being a two time FED champion. Whilst coaching is drastically different to debating, I hope to be able to pass on what I've learnt and continue High's tradition as one of the better, if not the best, debating schools around.</p>
Dharmesh	<p>My name is Dharmesh Sharma and I am currently studying Clinical Science at Macquarie University. I graduated from Sydney Boys High School in 2017 and have been involved in the debating program throughout my time at High. I love the sociable atmosphere at debating at Sydney Boys and I am excited to be coaching Year 7 this year! I look forward to passing on my skills and experiences in debating to younger generations so that they can generate their own views and opinions on current social and political issues.</p>
Eli	<p>I'm Eli and I am currently coaching the Year 10s. I attended Sydney Boys High School from 2011-2016, in which time I was continually involved in the debating program. Last year I helped take care of the Year 7 debaters and I look forward to working with my new group this year!</p>
Eugenie	<p>My name is Eugenie and I'm the Year 7 debating coordinator as well as the coach for the GPS A team. I graduated from Sydney Girls in 2014, and am currently in my 4th year studying a combined Bachelor of Psychology/Laws degree at UNSW.</p> <p>I was heavily involved in debating throughout high school, winning competitions such as the NSW Premier's Debating Challenge (Karl Cramp) in 2013. In University, I chaired as an adjudicator in both high school and university competitions, such as the Archdale Debating Competition and Australasian Women's Debating Championships. I love debating but I'm even more passionate about helping students achieve their best in this area and I'm thrilled to see the boys gradually build up their confidence and speaking skills each week. Looking forward to a great year ahead with them!</p>
Ganesh	<p>I'm Ganesh the 9As coach. I'm currently in my 3rd year of university, studying commerce/law (I know a bit of a cliché, but I'm actually really enjoying it). In University, I've been to a number of debating competitions and model United Conferences (something I strongly recommend everyone to try out at uni) that have taken me to different parts of Australia and to New York.</p> <p>I absolutely loved debating for Sydney High from Year 7 to Year 12. During that time I've had the benefit of being coached by some of the best debaters in NSW. I can honestly attest to the program significantly improving my skills since I first started in Year 7. Some of my favourite highlights was being second grade co-premiers and first grade premiers in GPS debating. But the thing I've enjoyed the most was being a debating coach and getting to see first-hand the success and improvement of the students (in both their skills and confidence) through their hard work and dedication.</p>

Georgia	<p>I'm Georgia your Year 8 GPS coach for this year! I've just finished my Bachelor of Arts (French & German) at The University of Sydney.</p> <p>The highlight of my debating career was winning the Premiers Debating Challenge in Year 6. Since then, I have been debating throughout high school and University including at the Australian Intervarsity Debating Championships and the Australasian Women's Debating Championships. I have also adjudicated at the Australasian Debating Championships. I have three years of debating coaching experience, although this is my first year at Sydney Boys.</p> <p>I attended Sydney Girls, so SBHS has always been a school of intrigue. For us at Sydney Girls, the BIGGEST debate of the year was the SBHS v SGHS showdown... our one chance to prove our intellectual supremacy and that girls rule the world.</p> <p>After years of seeing Sydney Boys as an arch rival, this year I've decided to take the plunge and experience life on the dark side. I'm super excited to work with Year 8 this year... who knows, we may even beat Sydney Girls 😊</p>
Hugh	<p>My name is Hugh and I'm an arts/law student at The University of Sydney. I started debating at High in Year 7 and for six years I had an absolute blast expanding my mind and yelling at private school boys. At school, I was in teams that won GPS first grade twice undefeated as well as Year 10 PDC. Individually, I was selected for the NSW state squad and CHS reps. I am currently trying to adjust to university-style debating to, firstly, keep developing my skills and secondly, better help you all be the best debaters you can be!</p>
James	<p>I'm James (SBHS 2016). I'm currently studying a Bachelor of Arts/Laws at The University of Sydney. I'm majoring in Gender Studies and I absolutely love it. It's definitely different to the 'norm' at High but I would recommend it for anyone just because it really challenges you to rethink what you take for granted everyday.</p> <p>I was heavily involved in debating at High from Year 7 to 11. I was in a non-GPS team during Year 7 (so don't despair if things don't work out!) and I spent a lot of time as a chairperson. From there I was lucky enough to be part of a GPS team for the next 4 years. In my final year of debating, I was part of the 2015 GPS Third Grade team which came runner-up in the competition. Otherwise I am a triple FED Grand Finalist without a single win.</p> <p>I really love coaching at High. While it's rewarding and great fun, what I love most is being able to pass on a rite of passage to emerging High boys. Debating was one of the highlights of my high school years whether it was staking out the best dinner spots in Surry Hills or running around the city to find schools an hour after I was assigned to debate.</p>
Jasper	<p>I'm Jasper. I graduated SBHS last year (2017), and am now studying Arts / International and Global Studies at The University of Sydney. I'm so happy to be a coach this year and to be able to give back to the program that gave me so much!</p> <p>I debated pretty consistently through my time at High, only missing a year or two early on. While I was never in the A-Grade teams, I most genuinely enjoyed learning how to think critically and speak comfortably. I can definitely say it was one of the most impactful programs I've ever done. I had a fantastic final year with the 3rd grade side under the magnificent coaching of the current debating coordinator Ali, and am so excited to give the same experience to everyone involved in the program.</p>
Jon	<p>I'm Jon and I'm the coach for GPS 3rd and 4th grade. I graduated from SBHS in 2014 and was involved in GPS debating a lot during high school, developing all the skills I hope to pass on to the boys. Although I coach seniors, I'll be helping out with junior teams every week, so I'm keen to see you all giving it your best. I hope we have a good year!</p>

Josh	I'm Josh, I'm in my 2nd year of Economics and Maths at The University of Sydney. I didn't go to Sydney Boys but did debate throughout high school at St Aloysius. I'm actively involved in the UYSD debating society; debating and adjudicating at inter-varsity events. I've also adjudicated ISDA, Archdale, CAS and Reps debating and will hopefully teach the boys a thing or two.
Lokesh	My name is Lokesh Sharma and I'm currently a 4th year medical student at UNSW. I graduated from SBHS in 2014 having been involved in GPS debating throughout my time at High, including winning Hume Barbour in 2014. Debating was a huge part of my time at High and it's great to be coaching Year 9 so I can pass on the debating skills to the next generation of High Debaters.
Maddy	I'm Maddy and I'm one of the Year 10 coaches. I graduated school last year from Abbotsleigh and am now studying Social Work/Arts at UNSW. I started debating in Year 9 and was in the Archdale Representative team since Year 10 so anyone who hasn't done debating in the earlier years shouldn't be discouraged! I love coaching at High and am excited to help Year 10 improve their debating skills throughout the year.
Masrur-ul	I'm Masrur-ul and I'm coaching a Year 9 group this year. I graduated from SBHS in 2016 and am currently studying Law with Science and Business (yes, I know it's a weird combination) at UNSW. I absolutely love debating and have great joy in teaching young people to improve and reach their full potential in this area. So excited to be coaching again this year!
Rachael	I'm Rachael and I'm studying advanced science and law at UNSW. I've judged the semi-finals of the Australasian Debating Championships and the grand finals of ANU Fall, Sydney Pre-Australs and UTS Open. As a debater I've reached the finals of the Australasian Women's Debating Championships, Melbourne mini and UNSW IV and am the 16th ranked female speaker in Australasia. I work at Sydney Boys because I love public education.
Riley	I'm Riley. I'm in third year studying Piano Performance at the Sydney Conservatorium of Music. I love debating because it teaches people to think, and also because a good argument wakes me up more than any coffee ever will. I have the pleasure of coaching non-GPS Seniors this year.
Sophie	I'm studying a Bachelor of Law and Bachelor of Commerce at UNSW. I was part of the Abbotsleigh ISDA and SDN team from 2012-2015. At university, I have debated at the Australasian Women's Debating Championships; and adjudicated at the Easters Intervarsity Debating Championships and the Australasian Debating Championships.
Suman	<p>I'm Suman Prusty, and I'm in my sixth year of dual engineering and law degree at UNSW. I've been a debating coach at SBHS for six years - some of the senior boys crew may still remember me from their time in Year 7 - and I've loved every single minute of it. As an old boy, I did debating in SBHS from Year 7-12, being part of the GPS teams and also being part of the Karl Kramp competition winning team in 2011.</p> <p>Although I don't debate as much anymore, I have found my passion in adjudicating, and you can probably catch me spending my Friday nights adjudicating debates at various schools all over Sydney. Debating at high taught me very many things, but primarily the ability to consider both sides of any issue/topic. This skill is fundamental for life, and doing debating is possibly the best means to learn this ability. Catch me outside the 400's and make sure you say hi!</p>
Thomas	I'm Thomas and I graduated from SBHS in 2016 and I currently study arts at The University of Sydney. Debating was a highlight of my time at High, during my time there I won the GPS premiership twice in a row and was also selected into the CHS, state and Australian representative teams. At Uni I continue to debate competitively, and have broken to the finals of Easters as well as a large collection of other mini tournaments. I love coaching at High because it allows me to give back to a debating program that I gained so much from during my own time at high school.
