

## From the Principal High Talent

Congratulations to Tim Hanna (8R) won best project in the Illawarra Coal Science Fair in the Earth and Environmental Sciences category. Well done to our first grade tennis team that beat Scots in the final of the GPS Plate Competition in tennis. Our first grade

cricketers are competing in Adelaide in the 5-Highs tournament. Our 15s and Opens basketball teams are in Melbourne, competing in the National School basketball competition. Around 50 Year 10 students are experiencing life in the open at the outdoor education camp for 5 days. Our Chess boys competed in the Scots Invitational Chess Tournament.

## Scholarship Applications

Applications for scholarships have now closed. The Principal, has assessed the applications, consulted with the Executive and the successful applicants have been notified by letter. Thank you to all the students who applied. All were worthy. Decision-making was difficult. Congratulations to those receiving scholarships and encouragement awards.

## Student Awards Scheme 2019

The Student Awards Scheme starts again this week. As from Monday, students can start accumulating points. It is a good idea to get involved in events that score points, like parking, early on in the year so that later in

2019 there will no need to scramble for those last few points to qualify for an award.

## Year 10 – Life Ready Stage 6 Course

There is a mandatory 25-hour *Life Ready Course* that has to be delivered to all students in stage 6 in state schools. Some of the topics for this year are: breaking down depression and building resilience; safe driving; mental fitness; safe partying; mindfulness; Breaking the Man Code workshop and online learning materials. Outside presenters are delivering several of these learning experiences. They cannot be repeated for absent students next year. Alternative arrangements will be made involving free periods for Year 11 students who have not experienced this course. For these reasons, and to conserve important teaching time in Year 11 in 2019, it is most important that Year 10 students attend school Monday 17 through to Wednesday 19 December.

## Interpreting Year 8 Reports – Semester 2

When coming to the end of Year 8, some boys do not put much effort into subjects they do not intend to continue. This behaviour is regrettable but understandable. Parents should realise that such lack of interest in one or two subjects can result in big fluctuations in overall ranks. Such fluctuations will be reflected in comments on reports by teachers and by the Principal. From one perspective, parents can appreciate better what sort of learner their son is not. It is better not to persist in a discipline that does not excite you. For other students, doing well in the Yearly examination is their objective. They can turn

around their cruising first semester with much more self-disciplined effort in the second half of the year. Elective choice going into Year 9 is very important. Students

need to follow their interests in a low-stakes choice environment. Some boys change both electives again in Year 10! We offer a wide range of electives for students to experience different learning contexts, with varying content and required skill sets. By the end of Year 8, the generalist focus for secondary

education is completed. Stage 5 is characterised by learner exploration and enlargement of perspective. Of course, the core subjects are important and students need to be held accountable for their satisfactory progress. Discuss your son's report from the two perspectives – core and future electives.

### Unauthorised Parking on School Grounds

We have recently had a number of vehicles parked without permission on our school grounds, in some cases for multiple days. We all need

to be vigilant – staff, parents and students – when driving, parking or walking through our car parks. Please report to the school office or inform a Deputy Principal if you see someone getting out of a car and then exiting the site. Commuters can save a considerable amount of money by avoiding paying for a car space in the city. Sometimes people working in our immediate vicinity try to use our grounds as their car space. Car spaces for staff and visiting parents are already at a premium without the burden of freeloading commuters making things worse. Let's be alert together to report strange vehicles on our site!

### Meet the Prefect

I love the boys at Sydney High and the multitude of opportunities that are available to students. Coming in Year 7, I made the mistake of not taking full advantage of all these opportunities. Seeing the blazers which adorned the corridors, I was intimidated by the greatness that surrounded me.

But as time moved on, I began to realize that being a prefect didn't just mean playing at the highest level of sports; it meant participating in all aspects of school life. In my final two years at High, I have strived to participate in all aspects of school life so that I do not leave high school with any regrets. Some examples include the PAWS group, SRC, cadets and the music program. It was my work as Facebook admin for PAWS that made me realize that the role of publicity prefect was right for me.

As the publicity prefect, it will be my responsibility to make moves on the metaphorical chessboard of the internet, and as the marching band prefect I will strive to provide leadership for musicians when the band marches at Martin Place on Anzac Day.

I implore you all to make the most of your time at High as time will fly by and, soon enough, you will be graduating.

## Meet the Prefect

When my friends think of Sydney Boys High, they think of the term “scholar-sportsman”. The iconic phrase finds itself everywhere High is mentioned, and some even joke about its overuse.

But at the end of the day, I can’t think of a better mantra. Not because of its literal meaning -- men who excel in both academics and sports -- but for what it represents under the surface. Being a scholar-sportsman means doing your best in all facets of life. It means walking away from a challenge knowing you did absolutely everything you could.

High has thrown me head-on into this philosophy; since I joined in Year 8, I’ve played on seven different basketball teams, three rugby teams, and had a go at volleyball. I have tried shot put and have ended up liking sprints. I’ve exchanged with Melbourne High, visited Boggabilla, and travelled annually to Armidale. In a week, I’m about to play against the top eight basketball teams in Australia.

Regardless of your strengths or your weaknesses, I encourage all boys to do the best they can to be a scholar-sportsman. And to the boys in their final year at High, I say *make the most of it*.

**Noah Casaclang**

**Media/Communications and Basketball Prefect**

## Meet the Prefect

The most valuable thing I’ve learnt over the last five years isn’t an obscure mathematical formula or a technique in poetic analysis: I’ve learnt *how to learn*.

Through cross country, I found that, in order to learn, we must be prepared to change. At first, I knew (or so I thought) that sport in general wasn’t for me. Cross country was only the “least unsuitable” of all the options. But our coach gave us a simple yet influential piece of advice: *prepare to hurt*. I discovered that, if I was prepared to push my own limits, the only thing that determined how fast I could run was my training. There were no external factors; that was the beautiful simplicity of cross country and the reason I continue to run almost every day.

Learning to accept change has enabled me to become the best version of myself. I’ve been able to develop skills in design that will help me in the publications role, and even now I’m still learning, as a prefect-intern, to express my views and be a better leader. Indeed, learning is a real-world skill that I will be able to take with me on all of life’s adventures.

I want students to know that to learn is the greatest of all the joys of human life. Countless opportunities for the basic cultivation of the intellect will always lie, often hidden, all around us -- they are not confined by the walls of classrooms or bound between the covers of books or even contained in the expanses of cyberspace. Seize them. Never stop learning.

Particular thanks to the parents who helped with cricket lunches during East Coast Cup and our outgoing Year 12 parents, who have continued to assist at the canteen although their boys have finished HSC. Your support is greatly valued and appreciated.

A reminder that we will be running down stocks as we approach end of year. We look forward to your patronage next year. Please do consider placing a recess or lunch order. This will greatly reduce waiting times and food wastage. The canteen is currently trialling cashless payment options and we hope to expand this to the whole school. We would like to acknowledge the extensive work put in by David Isaacs to get this up and running.

## First Grade Report

With 164 runs to defend and 9 wickets to take, the 1st XI set out to finish 2018 on a high.

Unsurprisingly Scots prepared a flat deck for their batting innings, ensuring that it would take a big effort to snag a win. We bowled very tight early on, however a couple of umpiring decisions and a pair of dropped chances killed our momentum with Scots closing the gap to 70 with 9 wickets still in the bank.

Then Cameron Pereira (Year 11) and Nick Leong (Year 11) joined forces and took 2 wickets each to start a collapse to give our side a slight sniff of victory, however Scots held on strong and took a slender 1st innings lead of 59. This left us with 42 overs, and not too much to lose for our 2nd innings.

Our batting got off to a horror start with the Scots opening bowlers fired up. We slumped to 4-32, giving Scots a chance for an outright win. Then Cameron Pereira (Year 11) and Bilal Abbasi (Year 9) struck a crucial partnership, surpassing the 1st innings deficit. Cameron then continued his innings with Adi to drive the game toward the finish but was then dismissed during another counter-attacking 43 off 38 balls. Hunar Verma (Year 11) and Adi Senthil (Year 10) blocked their way toward stumps before both teams decided to call the game, and Scots took the 6 points. Another unfortunate loss for the boys that will see us slump to 5th on the table.

We will hope to put in a better performance next week for the much anticipated Five Highs, a tournament we will hope to bring home for the first time in over 20 years.

## Second Grade Report

After a strong start in the first week of our two-day match against Scots, we were looking to finish the game off with

the ball, sending a clear message in that our team was in the competition to compete and not participate. Our plans as a team were simple, to bowl a consistent line and length to stem the run rate and to back it up with clean, effective fielding.

Scots started the day off needing 266 runs for victory in the required 80 overs for a day's play. They started off convincing and with intent; their openers effectively putting away the few bad balls our opening bowlers gave them. Nevertheless, a tactical change of bowling proved to be the spark that we needed; Yatin Paditham (Year 11) breaking the partnership with two wickets in two balls, sparking wild excitement from us and sending nerves running through the Scots camp. However, to their credit, Scots kept their composure, and they consolidated, until Yatin picked up another vital wicket on the stroke of lunch, Scots 3 wickets down for 94.

With the momentum in our favour, our talk of dotting up the Scots batsman came into fruition, with Soneeshun Selvarajah's (Year 11) wicket a result of a string of maidens. However, Scots once again consolidated, and playing with intent to our spinners. Jackson Gan (Year 10) replaced Jamie Nguyen (Year 11) and took the wicket of their set batsmen with his first ball.

### *2nd XI win over Scots on Saturday*

The last session of the day would prove to be the defining one for us. The equation was simple. Scots needed 81

runs with approximately 30 overs remaining, and we needed 3 wickets for victory. The lower order of Scots put value on their wickets, refusing to fold under pressure. With nerves and pressure seeming to get the better of our team, the important breakthrough came with two wickets from myself leaving High only one wicket away from victory. Who else, but Ramana to finish it off, the last wicket falling with Scots all out for 235 and Sydney High winning by 30 runs.

A roar of excitement as we ran from the field and onto the pitch to cheer and hug, knowing it had been longer than

7 seasons since High's 2<sup>nd</sup> XI had won a match in the GPS season. The raw emotion as a result of 6 hours of momentum changes under the blistering sun ended. Renditions of the school song in the Fairland Pavilion will ring in our minds for years to come.

This match was a culmination of the hard work the boys had been putting in, after the heartbreaking close loss to Riverview in the opening game of the first round and bouncing back after a thumping outright loss against Shore. This game reminded us why we came to Sydney High to play cricket.

Let's hope we bring this momentum into next year.

**Harris Memon Second XI Captain**

### **Year 7 & 8 East Coast Cup vs. Brisbane State High**

**1<sup>st</sup> Day:** The players had reached the ground anxiously, preparing for the challenges that could come across. We had won the toss and chose to bat on a beautiful turf pitch. Ronnie and Amaan had opened well putting up a solid 30 run partnership which ended only to bring the top scorer of the match to the crease. Harsh Shirodkar and Albert Giles scoring 40 and 36 runs respectively had battled it out through the heat and gave the team a solid total of 171 after 40 overs. However, losing our concentration through the long periods of playing time, the opposition chased the total in 36 overs. This did not put us down however. What was most pleasing was that the team had gathered around after a tough loss and thought about where we went wrong but most importantly, how to win the next match.

**2<sup>nd</sup> Day:** The boys had come together stronger for the second day in a do or die situation. After losing the toss and putting in to bowl first, the first 10 overs went for 82 runs with no wickets. The team was down until Ronnie Rastogi had taken matters into his own hands. Taking a quick 3 wickets alongside Jerald Joseph who also took 3 wickets, we quickly ended them on 182. The team was over the moon and we knew we could definitely win the match for the school, but our concentration did not lower. Everything was going steadily until the man of the match Mithilesh Lekhi finished the match with an impressive 100\* off 43 balls. The series was evened and the whole team was looking forward to tomorrow.

**3<sup>rd</sup> Day:** The final day was unfortunately washed out so with the year 7 and 8 teams wins added up together against their year 7 and year 8 teams, Sydney boys had emerged victorious 3-1 and Captain Ronnie Rastogi and Vice-Captain Harsh Shirodkar lifted up the trophy in the great hall with full pride.

### **Player of the Week**

#### **Mithilesh Lekhi 15As**

Congratulations to Mithilesh Lekhi (8E) who made a wonderful 83 on Saturday. He has done very well over the past couple of weeks with this week's score of 83 backing up another 83 against Shore last match and 101 in the East Coast Cup.

***Breaking News:*** Sydney High are doing well in the 5 High Cricket Carnival this week defeating Perth and Adelaide in their first two games. This will be a historical victory if we can win our last two games against Melbourne and Brisbane.

Last week was the last match before the Christmas Break.

Have a safe and happy holiday and come back refreshed to resume the season next year!

## SAILING

### Sailing Report

Due to the extremely low wind speeds, fleet racing became difficult as new skippers had to step up to the challenge of adjusting to the wind conditions while a more experienced skipper, Arion Sclavenitis used their vast knowledge of sailing to achieve two first places out of three races. We had many of our boats achieve a place in the top half of the fleet, which helped establish ourselves as a force to be reckoned with. Due to the constant changes in the wind speed, it was interesting seeing how well our skippers performed and adapted to the situation. Our less experienced skippers have been developing their skills recently with every week passing they keep ranking higher in the fleet. Soon we might see more and more of our boats in the top ten. In the afternoon, the wind picked up slightly making teams training more interesting. In teams training, we had two versus two

races to help us sharpen our tactics for the next team races.

From here on there are no more regular Saturdays, as this Saturday there will be no fleet or teams racing due to the club being used for Sail Sydney, and the following week we will be having the annual Christmas Party.

### Shed Race

For the first time in a number of years Sydney Girls also participated in the annual shed race. The race is a handicapped race where crews start in order from slowest to fastest, with the aim of all crews finishing in line after the 3.5km race. While the Sydney Boys 1<sup>st</sup> VIII were the fastest crew on the day and were able to catch most crews, the winner on the day was the Sydney Girls Year 9 1<sup>st</sup> IV. Congratulations to all competitors and hopefully more interschool events can occur in the future.

### Old Boys vs 1<sup>st</sup> VIII race

Following the shed race the 1<sup>st</sup> VIII lined up for the 300m sprint against the old boys crew. A crew that consisted of boys ranging from 2013 - 2018. In the end the fast starting old boys were gunned down by the 1<sup>st</sup> VIII as the washes were no match for the old boys. It finished in a draw where not even a photo could separate them.

## Water Polo Report

We knew that they weren't going to be the greatest swimmers, and that the only way they were going to triumph was to outwrestle us. Thus, in the training sessions leading up to this week's tussle against Barker College, we focused on building a greater sense of physicality when facing aggressive opponents.

From the get-go, Barker was grabbing, pulling, twisting, drowning and despite our best efforts, we simply could not match them. However, at the end of the first quarter, Eddy was able to skip an outside-five over their goalkeeper's head putting us up 1-0.

We caught that wave of success, and rode it through the remainder of the game, as Barker was unable to stick with the blistering speed of our wingers on the edge. It was evident, that we were tiring them out and this showed in scoring 5 unanswered goals in the 2nd quarter. This dominant display of counter-attacking and precision passing would put us in a comfortable position for the latter half of the match.

Our coach, Jake asserted that it was imperative to keep our 'foot on the pedal' to prevent any chance of losing. We did exactly that as our speedsters: David and Pico

were able to consistently separate themselves from overzealous defenders. And in combination with solid defending as well as some spectacular saves from our goalie, Jack, we were able to extend our lead even further. Ultimately, the game ended with a dominating 10-3 win over Barker.

I am certain that when we reflect on the success of our performances at the season's conclusion, it will be this game that stands out as the turning point. Because after all, it was our most complete game; each and every individual excelling in all aspects of the sport.
