

From the Principal High Talent

Congratulations to our successful fencers at the NSWFL Epee Individual Championship. In U19, Nicholas Chen (11M) won gold, with Jarrod Su (10R) and Brendan Alcorn (11M) sharing bronze. In U16, Brian Wei (10F) scored a silver medal. In U14, Hudson Cai (7M) and Jamison Lai (8E) shared the bronze medal. Well done boys!

National Sorry Day – Wednesday 26 May

Wednesday 26 May marks the date on which the '*Bringing Them Home*' Report was tabled in Federal Parliament in 1997. On the same date in 2008, Kevin Rudd delivered an apology to 'Australia's Indigenous peoples' National Sorry Day, or the National Day of Healing, is an annual event that has been held in Australia on the 26th of May since 1998, to remember and commemorate the massacres, the stolen children and the institutionalised mistreatment of the country's Indigenous peoples, as part of an ongoing process of reconciliation between the Indigenous peoples and the settler population. It acknowledges and raises awareness of the history and continued effect of the forced removal of Aboriginal and Torres Strait Islander people from their families, communities and culture. Our indigenous art collection, 'Na Ngara' contains many works that go to the issues of Sorry Day and reconciliation in general.

National Reconciliation Week. Thursday 27 May – Thursday 3 June

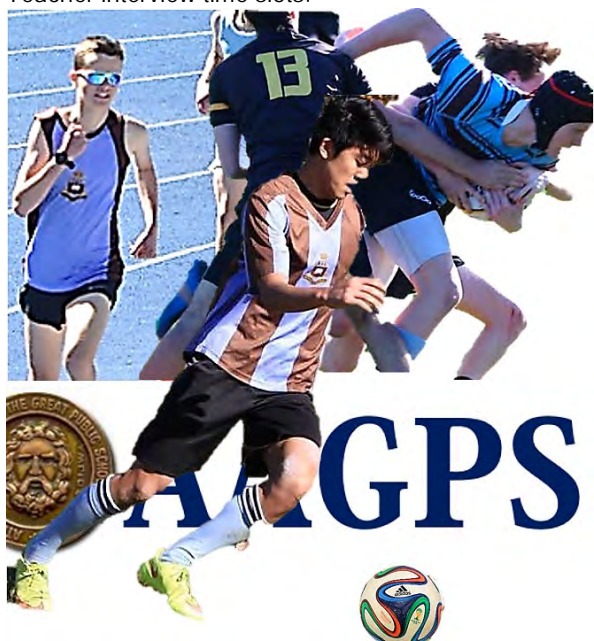

National Reconciliation Week (NRW) is celebrated across Australia each year between 27 May and 3 June. These dates commemorate two significant milestones in the reconciliation journey—the anniversaries of the successful 1967 referendum, and the High Court Mabo decision. It celebrates and builds on the respectful relationships shared by Aboriginal and Torres Strait Islander people and other Australians. Reconciliation Australia's theme for 2021, *More Than A Word. Reconciliation Takes Action*, urges the reconciliation movement towards braver and more impactful action.

Interpreting Year 7 Reports – Semester One

Year 7 boys received their reports this week. Parents need to know that with scores for grades – HD (6), D (5), Credit (3) PM (2) P (1) or U (0) – boys are expected to score **thirty** points or 10 credits equivalent, in order to reach the school standard. Proficiency levels for future-oriented earning skills, such as problem solving and evaluating, critical thinking, working with others, communicating your ideas and being creative, are also reported. Parents will be able to trace the growth of their son in the five reported skills as he progresses through the Junior School. These skills are reported in their own textbox and are distributed among the Faculties. For more information on PEWCC skills reporting, go to: www.sydneyboyshigh.com/curriculum/pewcc-reporting and click on Information About School Reports to peruse the skills continuum for each subject. We understand

that boys transitioning into Year 7 face many adjustment challenges. Positions in the grade will not be disclosed to Year 7 students for their first two reports. The top group of boys are acknowledged on the *Academic Achievement List*. Unless special circumstances preclude it, letters are sent to the parents of the boys in the *Academic Support Group* (those boys with scores less than 30). In Year 7 only, we send letters to parents at the score of 27 or less. Boys scoring 27 points or less may be offered a special workshop presented by an outside provider; they may join 'Diary Club' to learn how to organise themselves better to complete tasks and submit work punctually; they may just receive an encouraging chat from their Year Adviser; they may be referred to the Counsellor; or they may be referred to an outside agency with their parents on very rare occasions. **Some or none of these interventions might be judged appropriate in your son's case.** It is our obligation to let you know of our interventions on behalf of students so that you may accept or decline our help. We want to help our underachievers using the most effective means possible. Parents are requested to talk over their son's report with him ahead of booking Parent-Teacher interview time slots.

Winter Sports Assembly.

Last Friday, Canterbury Bulldogs league legend Paul Langmack spoke to our assembly about male mental health and of the necessity for students to reach out to somebody when they are feeling overwhelmed or depressed. He argued that it was showing toughness to communicate with others and weakness to bottle everything up inside. My address to the assembly is reprinted below:

'Special guest Paul Langmack, parents, staff, students, welcome to our first Winter Sports Assembly, honouring football, rugby, volleyball and cross country. As usual, we

gather together before the first official match of the GPS competition – winter season - to introduce some of our winter teams and acknowledge the work of our staff, coaches and committees. Our second assembly next term will complete the process for the other winter sports.

Our volleyball program is a highly successful one. Since 2003, Michael Kay has coached a winning first-grade premiership GPS team in every year but one. In second grade since 2006, he has only missed out twice. His record as an MIC, team manager and coach for two decades is outstanding. Thank you to Everett Coan for his support. The team of Old Boy coaches is a great asset. Stalwart Pinyan Gao (SHS-2014), Ray Gu (SHS-2017), Nathan Trinh (SHS-2018), Siyu Han (SHS-2019), Adrian Panas (SHS-2019), Samuel Yu (SHS-2019), Kent Gu (SHS-2020), Weixuan Li (SHS-2020) and Oliver Yang (SHS-2020).

Thank you again to Rebecca Dam, MIC cross-country, who has managed a competitive cross-country program for our boys for many years. Thank you to Mr Prorellis for his assistance and to our Old Boy coaches Eric Holmstrom (SHS-2019), Thomas Schanzer (SHS-2019) and Kelvin Meng (SHS-2020). Thank you to the cross-country parents who did so much work to make the High host event a success this year. Cross-country can take up to 100 students, but they have to be prepared to do the scheduled training sessions to remain in the sport.

Our Football program at High has great participation and coaching enthusiasm, but it is not yet as competitive as we would like it to be at GPS level. As well as attending scheduled school training sessions, students need to be responsible for their own personal fitness levels. They ought to be working on their core strength in the weights room also. To be successful at any sport requires a willingness to suffer - to make the sacrifices necessary – for your personal contribution to the contest and for the good of the team's performance. I would like to thank our continuing leadership team of MIC Sam Higgins and Football Coaching Coordinator, Dylan Deep-Jones, for moving the High Football program forward. Thank you to Dylan for also coaching the 1st XI this year and to Dilan Pais for his work with second grade and to our lower grade coaches. Thank you to our dedicated Football Committee members Andrew Williams, Michael Girdis, Utpal and Hui Ching and Gary Fiene. I acknowledge and thank our football staff members for their service to the program: Mr J.Kay, Mr Rich, Ms Eggleton, Ms Manolios, Mr Ohlback and Mr Davis-Frank.

I want to thank the versatile Matt Cotton for his work as Rugby MIC again this year. George Barris has backed up to coach the first XV, assisted by Steve Conninos. Thank you both. Our Old Boy coaches – James Appleton, Jack Bowditch, Elliot Love, Matthew Ng, Edison Dorahy and Jia-Jie Sheng helped out with the program. Thank you all. Staff members Geoff Stein, Sid Gurjar and John James helped coach and supervise. Thank you to the High Rugby Association, and all parent helpers, in particular, Greg and Brigitte Gerstl, Helen Morris, Mohit Singh, Andrew Hybler, David Britton and Wendy Dar, who have contributed their time to assist in activities that enrich the program for the boys. Rugby has a focus on safety for its

players. It needs more support from boys at the school who are not involved in GPS sport this winter.

John Wooden was rated the greatest coach of the twentieth century in any sport. He used a statement to inspire his teams that applies to us at High with particular force. He said - "success is not final; failure is not fatal. It is courage that counts". He stole the quote from Winston Churchill and edited it. The ideas should resonate with us. We are going through a period of our history where we are taking some big defeats in some sports. We are being tested for that 'courage to continue' that Churchill praised. I have long admired the resilience of High boys, how they back up week after week to represent their school and play with their mates, irrespective of the outcome. It takes a particular kind of courage and perseverance to do what our boys do, and it counts. It is worthy and it matters. After the experience of sport at High, whether it was a winning one or a losing one, you will be better prepared for the ups and downs of life. You will be trained to take life on... with courage, integrity and dedication. Developing those life virtues, is reason enough to compete in sports at the highest level that you can, rather than taking an easier option.

On the other hand, teams that are used to winning, like volleyball, need to learn to win with grace. As a legendary coach once observed, 'each victory brings you closer to your next defeat'. Enjoy the high while it lasts but keep in mind that success is transient, so always work hard. Always try to improve. Learn how to win with humility and lose with dignity. Sport is life under pressure. Live it fully. Congratulations on your team selection.

Co-Curricular Gifted Activities Da Vinci Decathlon 2021

Da Vinci Decathlon is a multidisciplinary Academic Competition offered by Knox Grammar School annually. Last year's cancellation resulted in an on-line event in 2021 as a precaution against last minute disruptions. We

really appreciate the effort by Knox to deliver the competition this year. It was held in our Computer Lab 704 on 4th May for Years 7 and 8 and on 5 May for Years 9 and 10. The students worked independently and collaboratively under the supervision of a Knox staff member who issued tasks and enforced time limits for the upload of answers. Many thanks to our amazing 'Techie Michael' (Silva) who came to the boys' rescue each time a technical issue arose. They coped well with the new format and took all challenges in their stride. Most importantly, they enjoyed themselves and the room buzzed with enthusiasm and teamwork all day, each day. Congratulations to all who participated. Special mention to the Year 7 and Year 8 teams who had no previous experience of the event beyond practice tasks. Outstanding results from Year 8 and Year 9 teams, both of whom received medals for third in the State. They were consistent across all disciplines.

Congratulations to:

Year 10: Timothy ARSECULARATNE, Patrick CHEN, Abrar CHOWDHURY, Ewen JI, Adit MAHIDADIA, Mohammad MEDLEJ, Ryan WOO, Daming ZUO were ranked 8th. Best results: 4th Maths, 1st Legacy, 4th Science, 10th Art/Poetry.

Year 9: Fynn HOPKINS, Samuel HUI, Justin NGUYEN, Patrick Nguyen, Eric SCHOLTEN, Luc TRAN, Ryan WANG, Tian YANG came 3rd Overall. Best results: 1st in Science, 1st in Geography, 3rd Engineering, 4th Code Breaking, 4th Maths.

Year 8: Lucas ADAMSON, Ric HOU, Micah JOURAVLEV, Xavier PERRY, Andrew PYE, Arthur QIU, Jeff TSE, Jesse Wu were 3rd overall. Best results: 2nd in Code Breaking, 3rd in Engineering, 6th in Science, 7th in English, 8th Art/Poetry, 9th Legacy.

Year 7: Hamzah AHMED, Aaron HUANG, Eugene JUNG, Joshua KIMPTON, Benjamin MIU, James NGUYEN, Leo WANG, Michael ZHUO. Best results were 3rd in Engineering and 12th in Ideation. Special mention to Hamzah who stepped up to complete both tasks under pressure to satisfy time limits.

OzCLO (Australian Computational and Linguistic Olympiad 2021)

Australia (via ANU) has conducted this competition at State and National levels since 2008. First and second senior winning teams represent virtually in Latvia 19-23 July. In simple terms, the two-hour challenges require sophisticated skill in de-coding and linguistics. The tasks are complex, and the participants must work intuitively as a team to complete within the time frame.

Congratulations to Nicholas Arvanitellis, Nathan Jones, Ryan Ong and Harry Wu who progressed to round 2 on 24th March after finishing first in New South Wales in round 1 on the 3rd March. They have received certificates for coming third Nationally. Well done on a wonderful achievement!

Philosophy Discussion Group(s)

Due to unprecedented demand, we have expanded our communities of inquiry into two sessions, (Senior for Years 10/11/12 and a Junior group 7/8/9) which occur on alternate Fridays' at lunchtime. We are very fortunate to have Robert Sternhell (an 'Old Boy' and debating coach) who has recently completed his Masters of Philosophy at USyd, as our tutor / facilitator. Robert selects topics which are thought provoking and challenging and relevant in our contemporary world. The sessions are energetic, enthusiastic and an effective way of developing critical thinking skills in a collegial/collaborative setting. Everyone agrees that lunchtime is not long enough! There is so much more to think about and say!

PUSH UP CHALLENGE!

In the first 25 days of June, the Prefects of Sydney Boys High will be taking part in the Push-up Challenge for Mental Health. The challenge involves a total of 3318 pushups, representing the number of people who have tragically taken their own lives

across Australia in 2020.

We invite both students and teachers to take on this feat, along with more than 130,000 other Australians, as we become physically and mentally strong together. All donations will go towards Lifeline, a crisis support service that has both saved and improved the lives of countless Australians.

DONATE HERE:

<https://www.thepushupchallenge.com.au/donate-to-4710-humans-of-sydney-boys>

This year, we will be doing push-ups for those that may be struggling with their mental health: Our friends, our families and even strangers all over the country.

We understand how difficult it is to take that first step but we also hope that we can create an environment where everyone feels safe and confident to seek help. Remember, the year advisers, teachers, prefects and friends are all willing to listen.

So, join us. Let's stay strong and help others stay strong too. Together, we can change lives... one push-up at a time.

SBHS P&C Invites Parents & Guardians to participate in Special Presentation on

“How do you talk about consent with your kids?”

6.30pm – 8pm, Monday 7 June 2021
SBHS Great Hall and online via Zoom Meeting

On Monday 7 June P&C General meeting (6.30pm to 8pm) in the SBHS Great Hall and online via Zoom Meeting (dial in details to come), *Consent Labs* has been invited to present to SBHS parents and guardians on the topic of consent.

Agenda for the presentation will cover:

- Introduce *Consent Labs*: who we are, why we started and what we do
- What is sexual consent and how to have conversations with children (the right time, what age, practical tips)
- Responding to sexual harassment & assault: how can you support your child if something happens to them
- Navigating consent with alcohol
- Navigating consent with technology (we explore commonly used apps, as well as sexting and porn)
- Responding to Q&A questions

Please submit your questions for the Q&A session here. [Consent Labs Parent Presentation Q&A](#)

We hope to see many parents and guardians attend this special presentation.

DEBATING

Sydney Boys High hosted the Eastside Grand Final last Friday night. It was great to see so many people attend. Unfortunately, our Year 11s were not successful but debated well. Thank you to the army of boys who helped chair debates, set up and pack up rooms and led the many students, parents and teachers to appropriate rooms.

This Friday sees the FED Grand Finals held at St Aloysius College at 47 Upper Pitt St, Milsons Point. We have two teams in these finals – the 7Bs who will prep at 4.45 and debate at 5.30pm, and the Senior As who will prep at 6.45 and debate at 7.30pm. Parents are welcome to watch but there will be a limit of 2 people per debater.

Coaching will continue as usual on Friday afternoons and next term sees the GPS competition.

From the Senior Library

As part of the SBHS Library Strategic Plan 2021 – 2024, the senior library is supporting the school in promoting student growth and attainment by providing a suite of research and information services support to students. We have already run several workshops with classes in years 10 – 12 on effective research skills, narrowing down searches and using academic databases. If you wish to have one-on-one support on a research assignment or need help accessing academic resources, students are welcome to come to the Senior Teacher-Librarian for support.

New Titles

The Senior Library has a number of new and exciting titles that will be made available in the coming weeks.

Klara and the Sun by Kazuo Ishiguro

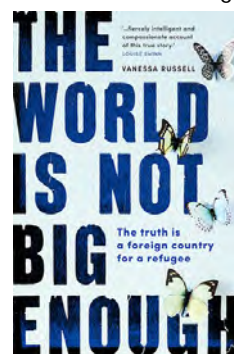

Klara and the Sun is Ishiguro's 8th novel and explores the world of Klara, an Artificial Friend (AF) who has outstanding observational qualities. This book comes at a time where we as a species are navigating through the world of artificial intelligence and are trying to understand its limitations. Although the novel is centred on

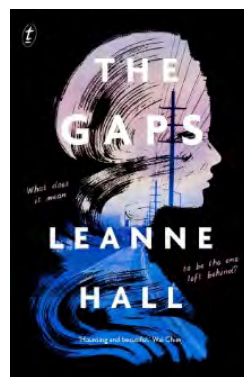

Klara an AF, Ishiguro is able to shine a light on who we are as human beings. A must read.

The World is Not Big Enough by Vanessa Russell

The World Is Not Big Enough track's Vanessa's journey as she tries determinedly to unravel what happened to Ahmad Shah, an Afghan asylum seeker. Deeply felt and superbly written, the book travels with Vanessa to Port Hedland, Christmas Island and Perth as she interviews Ahmad Shah's friends, fellow refugees, advocates, support workers and people in detention centres and spends a year talking to the murderer himself. What she uncovers is the multi-layered and often untold story of detention in Australia and its very human consequences.

The Gaps by Leanne Hall

This is a Young Adult psychological thriller written by Leanne Hall. It tells the story of two girls, Natalia and Chloe who are trying to find Yin Mitchell who is abducted. The novel is a tribute to friendship in all its guises and is an examination of vulnerability and strength, safety and danger, and the particular uncertainties young women face in the world.

16s Report

The annual grudge match between High and Grammar came earlier than expected this year. The official start of the GPS season meant there were no do-overs and everything counted. Coming off a twenty-point loss last year, the boys knew an inspired performance would be needed to come out with a win.

After a rejuvenating break, we had a full-strength team. We started the game well, with Saxon Gerstl crossing under the post. This was followed by an onslaught of tries from Jack Mulder, Anthony Wang, Patrick Ta, Alex Lee and Saxon Gerstl. Grammar had no answers for our no-mercy attitude in attack and brick wall like defence. We came away with a 39-0 lead heading into the break

Coming out of half-time, the boys wanted more points, however, we really wanted to hold Grammar to nil. Once again we started well, with our forwards laying the foundation for our backs to capitalise. Subhan Mustafa, our Man of the Match, was instrumental in getting us on the front foot. His strong carries combined with his massive frame proved too tough to handle for Grammar defenders. Andrew Yang, Alex Kazija, James Matthews and Matthew Lam all scored tries.

As the final siren sounded, High came away triumphant with a 59-0 win. Having such a strong win over our arch-

rivals Grammar puts us in good stead for the rest of the season. We will keep building at training to play Kings next week.

Saxon Gerstl (10M)

15s Report

Now with a full roster for the first game of the season and our biggest game on home fields, the boys were ready for an intense game against Grammar. From the very beginning, it was clear that Grammar came with the mentality to win, scoring two early tries. Despite the widening score line, the boys did not relent and continued to push forward. It was a scrappy game, with both sides hungry for the ball. After great defensive phases, we were put on the offensive. Off of some great runs by D. Bian and E. Hybler, we were able to get up to their 22. This led to a beautiful try by M. Chen to get us back into the game. In quick succession, M. Chen made a line break and went on to score another brilliant try. Now with an even score, the boys headed into the second half with momentum.

Right from the kick off, we set the pace. Great offensive supporting and powerful runs by D. Bian got us to their 22. Once again with the ball in his hands, D. Bian ploughed through their defensive line to score a try that would put us ahead of Grammar. As the second half wore on, we held our own. Unfortunately, we gave away far too many advantages to Grammar for the off-side off of the ruck which led to Grammar scoring two tries and a penalty goal. Great tackles and possessions by JY. Kim, our will to win and the cheering from the senior boys on the sideline kept us going.

A great assist from M. Li led to a great try by G. Jiang that would put us back on track. More great runs by D. Bian and JY. Kim gave us a chance at another try to flatten the score line. Unfortunately, we were unable to do so. Overall, the boys put their all into the game we had anticipated for the whole of the week. Although we lost, we had come a long way from the last Grammar game, with great new additions to the team JY. Kim (10) and D. Bian (6). We stuck around to support the 1sts and now eagerly await the Kings game next week.

SBHS FOOTBALL RECAP GPS ROUND 1 vs Riverview

Saturday 22nd May

Last weekend marked the start of the official GPS Season with some great matches against some strong Riverview teams. Great wins in the opens and 14 Age groups highlighted a good weekend of results for High Football. Some great individual performances from the weekend included a game-winning goal from Krish Suri (10F) in the 16B's, a clean sheet and some impressive saves from Aryan Khan (11E) and a great all-round display from Max Gao (7R).

1st and 2nd Grade showed good fight and played competitively against solid opposition, despite the scoreline. David Li (11R) got on the scoresheet again this term for 2nd Grade and Tarrant Williams (11R) scoring his first goal of the season for 1st Grade.

A big thank you to the parents and students who helped during our parking event last weekend.

Cooler Classrooms Program

Update for parents and guardians

May 2021

Investing in our schools

The Cooler Classrooms Program is a \$500 million, five-year investment by the NSW Government to improve learning environments in public schools across NSW.

We are committed to delivering a quality, sustainable and cost effective program to ensure our students enjoy the healthy and comfortable learning environments.

Scope of works

At your school, the program will deliver:

- Air conditioning and fresh air ventilation in 38 classroom spaces
- Remove unflued Gas heaters in 36 Classroom spaces

Progress summary

An air conditioning, heating and fresh air ventilation solution has been designed to meet the scope of works. Surelinc Services Pty Ltd has been awarded the installation contract.

Installation works to begin

Installation works will begin May 31, 2021

Work will take place between 6am and 6pm Monday - Friday, and 7:30am and 3:00pm Saturdays.

It is estimated construction works may take up to 22 weeks. An installation plan has been developed to minimise disruption of construction works on school operations.

We will continue to work with the contractor, Surelinc Services Pty Ltd, to ensure any disruption to our neighbours is kept to a minimum.

If you have any questions about this project please contact us on the details below.
