

## From the Principal

### High Talent

It was a pleasing sight and a boost for our boys when High's 1<sup>st</sup> and 2<sup>nd</sup> XV outlasted St Pius X in two see-sawing games of rugby at McKay last Saturday. The blustery conditions and intermittent rain did not dampen the enthusiasm of our lads. I do not often have the privilege of seeing a 1<sup>st</sup> on 1<sup>st</sup> rugby game in which High runs out victorious. Congratulations, boys! Well done to Sebastian Diaz (12M) who was selected in the NSW CIS basketball team.

### Donor Generosity

WHITE RABBIT  
GALLERY

I would like to acknowledge and thank Jane Petersen of the *White Rabbit Gallery* for her generous donation of 60 beautiful art books (White Rabbit catalogues "Big Bang") to the school. The books will be used for class research and as awards for students in Visual Arts. Supporting the Arts is becoming increasingly important in a technology-driven world. We are most grateful.

### Winter Sport Co-payments

Invoices for participation in winter sports have been mailed. We again ask your support by paying them promptly. All winter sports depend on a timely settling of invoiced co-payments to pay coaches. Parents are reminded that all programs have to meet their budgetary obligations and cannot do so without maximum support from everyone. Our sports are delivered at a fraction of their actual cost, being subsidised by parking revenues and ASF donations, along with the structural support and supervision provided by the school with assistance from the co-curricular support levy. Please attend to your son's winter sports co-payment now.

### Interpreting Year 12 Reports

All Year 12 boys should have their reports. For the first time during their high school life, the boys have an ATAR calculation based on their best ten units. However, not all parts of the course have been examined at this time. The full examination doesn't happen until the Trial

HSC in August. For example, English extension 1 only examines creative writing for this report. A limited number of topics have been completed in other courses, too. Despite these limitations, the May report is extremely important as a yard stick for possible HSC performance. Every year I would love to be proved wrong. Every year I would be glad to applaud students who do much better than the ATAR prediction from April. Inevitably, if nothing changes in the students, the predictions will be accurate. The first report in Year 12 is often a wakeup call for boys who have been coasting. The school also provides targeted coaching for students with weaknesses in the period up until the Trial. Students start to listen when we talk to them about study routines, life balance and focus. I hope parents will support us once again this year by impressing upon their sons how important it is from now on to get organised and work hard.

### NAPLAN Tests

This week the NAPLAN tests were conducted in the traditional way. The trial of online delivery last year included our students. We found it to be clunky and quite a few students couldn't log on. The idea was that the test would be personalised so that you could work your way through the levels to the most

# NAPLAN

NATIONAL ASSESSMENT PROGRAM  
Literacy and Numeracy

challenging test items. Not enough states were equipped to handle such a change. The roll-out of a nationwide online testing regime was canned. This year the value of the tests is under sharp attack from several directions, including Education Ministers. The future of NAPLAN is unclear. This year's tests ran smoothly.

## IDAHAAT Assembly

My speech to the assembly is reprinted below.

Special Guest, Nelson Tang (SHS-2015), staff, students, I welcome you to our third annual assembly to acknowledge and understand the issues surrounding discrimination against people who have diverse sexual identities and orientations. Yesterday, May 17, was the International Day Against Homophobia, Biphobia, Intersexism and Transphobia (IDAHOBIT). Way back in 1990, on May 17, the World Health Organisation removed the classification of homosexuality as a mental disorder. The International Day against homophobia was established in 2004 to draw attention to the violence and discrimination suffered by LGBTIQ communities. This year 130 countries will celebrate this day.

The purpose of the day is to raise awareness of the issue of discrimination in our society. At High, we choose to hold a special assembly to mark this occasion because we believe in acknowledging and valuing diversity in all its forms. We espouse fundamental values about providing opportunity for everyone to achieve personal bests and to strive towards excellence. We need to operationalise our aspirations by standing up for diversity and against discrimination. We believe everyone has a right to be themselves. We need to act in defence of individuality and not be bystanders when witnessing bullying or harassment. Call it out for what it is and ask the perpetrator to stop.

Today we recognise that society is diverse in respect of sexuality, which manifests itself in discernible forms. Hence, categories of individuals have been acknowledged as being different – lesbian, gay, bisexual, transgender, intersex and queer – LGBTIQ. We need to accept that these differences are real and need to be respected.

Regrettably, in closed societies like villages, neighbourhoods and schools, social norms are established which fail to accommodate differences. Discrimination and violence can be allowed to grow when organisations are not governed ethically and morally. Outsiders and those who look or act outside the group norms are discriminated against or rejected. Humans seem to have evolved as fiercely territorial and tribal. Teasing and bullying are exercised by those who exploit differences from the norm. We all need to be reminded of our better selves. High has an active Equality Committee, acting as our collective social conscience. Its members promote a culture of respectful relationships among our boys. They are points of contact and potential advocate for those among us who feel that they are not able to express themselves as individuals in our micro society. In our school, it is unacceptable to engage in any discriminatory discourse or action.

We need to look at the bigger picture of discrimination and verbal or cyber vilification. Our school, as well as our society, needs to balance each person's individual right to freedom of speech against the right of every student, staff member or visitor, to be free from discrimination, harassment and harm. It is actually unlawful to ridicule a person severely because of their race, religion, sexuality or gender identity, by a public act. Such an act is not just in class or in the playground but we extend it to social media and online behaviour.

The LGBTIQ community holds the front line in the battle against discrimination. It behoves us all to recognise and support their quest. If they succeed, the knock on effect will be a more compassionate, just and cohesive society. Our school is privileged and we like to think we are leading the way in promoting acceptance of diversity. Let us look to improving our sensitivity to diversity as we find it and being respectful of each other's rights to live without stress, harassment or vilification.

## Meet The Prefect Intern

One of my first memories at High was Mr Aldous telling my parents that I would be fine without them. Independence is what separates the men from the boys and over my six years at High I gradually built up my own independence. Through the strong bond I share with my brothers here at High, together we learnt how to become stronger mentally and emotionally on court and off court.

This unique bond, toughness and independence that can only be found at High, shines through not only on the sporting field and academically but is something that stays with us for the rest of our lives. This is High spirit.

As welfare and Year 9 prefect, it is my responsibility to make sure that everyone understands and appreciates the special connections that we all make at high and successfully mature into men. Also to make sure that our boys maintain their mental health in this high stress environment and to enjoy their six years here. Feel free to talk to us about any concerns with school life because we are all here to help!

**Jerry Change**  
Welfare/Year 9 Prefect

## LOVE YOUR LIBRARY

### NEW PAPER BOOKS 2018

We are now beginning to put out the new books we bought from Library Fund donations this year.

Our new books 2018 library corridor window display is now beginning to happen. The new books are now going out gradually on the display shelves for you to borrow.

Our paper books are the books specially chosen for our boys by the two librarians.

They will be emailed out to every boy this coming week. If you click on this link you will find our new books <https://www.librarything.com/catalog.php?offset=0&view=VeronicaCrothers&collection=501997&shelf=shelf&sort=authorunflip&collection=501997>

### BOOK REVIEWS ON OLIVER

Telling your friends the best books to read is the best way to be introduced to new authors. We would love you to review any good books you read and if we like your review we will publish it here in High Notes and you will also get an Award Scheme Point for a review of at least 10 lines.

### SERIES POWER POINT RECOMMENDATIONS BY LIBRARY MONITORS

Thank you to our library monitors who have taken up the challenge to produce powerpoints to show our Wide Reading classes some of the series our library offers. We are currently exploring ways for teachers and readers to access these powerpoints. Watch this space in coming weeks!

### READING ON REPORTS

Upcoming reports will once again inform you about students' reading for this reporting period – January 1-April 30. A comment saying "Needs to improve" indicates that students have not borrowed any school resources *including eBooks* despite having a Wide Reading period scheduled in our Library once in the 3 week cycle. "Satisfactory" means the student has borrowed one book only. "Good" means the student has borrowed 2-3 books, "Very Good" means 4-5 books, "Excellent" means 5 to infinity. Any boy who has read more than 10 books in this period will be getting a star letter. Any boy who has borrowed more than 5 resources will be getting a reading student award points.

It has been delightful to see the number of boys who are reading a lot of books. Our library will be further analysing student reading in a future High Notes article. We are particularly interested to see if the take up of eBooks is increasing or has plateaued.

PRESENTED BY: ThinkUKnow. <https://www.thinkuknow.org.au/>

ThinkUKnow is a partnership between the Australian Federal Police, Commonwealth Bank, Microsoft and Datacom and delivered in partnership with all State and Territory police and Neighbourhood Watch Australasia. The cyber safety presentations sensitively cover a range of topics including; sexting, cyber bullying, online child exploitation, online privacy, and importantly what to do when something goes wrong.

### From the Canteen

Nurturing healthy eating choices continues to be our priority at the High Canteen and we hope to expand the range of nutritious but reasonably priced food options available to our scholar sportsmen. Our extensive menu already includes soup, sandwiches, focaccia, wraps, hot and cold rolls, rice box, baked potatoes, pasta and pide. Most of the items are prepared fresh daily on the premises.

- This aligns well with the Healthy Canteen strategy, rolled out by the NSW government in a bid to tackle childhood obesity - a real problem that will not only burden our economy but also have other far-reaching implications. There is increasing evidence on the benefits of eating a wide variety of nutrient-rich foods from various food groups, with a big emphasis on fresh fruit and vegetables. A number of mainstream campaigns like Go for 2 and 5 and Eat It to Beat It have been actively promoting healthy eating in conjunction Draw cord with lock adjusters with exercise as a positive lifestyle choice. The onus lies equally on all stakeholders.

At High, we are privileged to have a wonderful three-way partnership between staff, students and parents. We encourage the extended school community to continue to support our endeavours as we embed healthier eating choices. This will allow the P&C run canteen to continue to return all profits generated through daily sales for specially earmarked projects that directly benefit our boys.

Our canteen managers Karen & Tracey rely heavily on the support of dedicated parent volunteers to keep operating costs low. If you have a few hours to spare each month, please do consider joining our canteen roster by calling 96629350. It is a great way of making new friends and staying in touch with High family.

Language is never a barrier and full training will be provided.

We would like to acknowledge the following parent helpers for last week:

## Year 10 Camp 2018

Year 10 Camp is happening!!! What a fantastic way to finish the year on a HIGH and make some lifelong memories! Notes were handed out earlier this week.

Students attending camp will work in small groups, of their choice, to successfully complete a 5-day, journey based program. There would be 3 grades of difficulty, each following a different navigation line. The boys, under the guidance of the OEG and SBHS staff members, would be responsible for navigating their way from the drop off point to where they will be picked up 5 days later. They will be carrying their own equipment (provided by OEG) and be responsible for preparing all their own meals. During the journey, the boys would be undertaking team initiatives, raft building and catapult challenges and a short canoeing journey. There will also be night activities including a first aid scenario.

This is a once in a lifetime experience that the boys should not miss. They won't have another opportunity to spend a week with their mates, in the bush, developing life skills and creating memories they will be talking about long after school has finished.

For those students completing the Duke of Edinburgh's Award, this program meets the requirements for the **Silver Practice Expedition** and the **Silver Qualifying Expedition**. This means that boys will not need to go on any additional expeditions to meet the requirements for the Silver Award.

The cost of the program includes transport to and from camp, use of tents, backpacks, sleeping mats, wet weather gear (if needed), cooking equipment, all food (and heaps of it), a qualified OEG leader per group and specialist support leaders working behind the scene. This cost has been subsidised by the school and is excellent value for money.

Those students who choose to remain at school will attend **normal timetabled classes**.

**Dates:** 3 December – 7 December 2018

Please pay the \$100 deposit to the front office by Friday 22 June. Permission notes are to be returned to me in the science office. Medical forms will be sorted later.

### **Cadets at Battalion Bivouac**

Every year, Australian Army Cadets in the south Sydney region come together on a 1 to 2-night camp at Holsworthy Barracks to prepare for a state-wide annual competition in the September school holidays. An early arrival was needed in the morning, however, it did little to diminish the fun of a day full of activities. Setting up sleeping areas was our first priority, followed by a few hours of navigation and hygiene lessons and a quick meal of noodles and light snacks from the ration packs. The Cadets of 23 Battalion then boarded buses into the barracks facilities where Australian Defence Force members gave presentations on their personal experiences and opportunities offered to them in the Defence Force and Army Cadets. Midway through the presentations, the cadets headed to the officer's mess for a buffet style dinner with a wide variety of food. The next morning, cadets of Alpha Company disassembled their campsite and marched to the live-fire range to fire the F88 Austeyr as well as to eat lunch. All Cadets were dismissed at 1500 to return home to their families after a fun bonding experience, something that all cadets, no matter how many times they've experienced it, want to return to.

## headspace and Netflix collaborate to keep young Australians safe and informed before the release of *13 Reasons Why*, Season 2

Tuesday 1 May 2018

headspace and global streaming platform Netflix have collaborated ahead of the release of *13 Reasons Why*, Season 2 to create safe and informative resources for young people, parents and schools.

Due to the global impact and difficult themes depicted in the first series, headspace, the National Youth Mental Health Foundation, is encouraging young Australians and their parents to be safe and informed before watching the show.

headspace CEO Jason Trethowan said *13 Reasons Why* has shone a light on tough and difficult topics, bringing them into mainstream discussions.

"Television shows can provide parents and schools the opportunity to have conversations with young people about important issues which is great, however, there is the potential for these conversations to do more harm than good. Our aim is to ensure that young people, parents and schools are supported and equipped to have constructive conversations about the themes that are depicted in the show," Mr Trethowan said.

headspace Head of Clinical Practice, Vikki Ryall said another key aim was to support young people who may be distressed by the show's content.

"The likelihood that the content will be distressing or triggering for some viewers will depend on their individual life experiences and current circumstances. No two people will take exactly the same meaning or understanding out of the same episode," Ms Ryall said.

"By providing young people with tips on how to watch the show safely and ensuring they know how to seek help we can ensure distressed viewers can be supported."

Three tailored resources have been created to reach as many people as possible. The resource for young people will provide tips on how to safely watch the show, how young people can look after themselves, and how to have helpful conversations with their friends and families.

The resources for parents and schools will provide information on how to have safe conversations about the show and how to respond to each of the difficult and tough themes appropriately.

Netflix have included warnings and help-seeking information before, and at the end, of each episode for this upcoming season of the show. There is also a designated webpage where the resources will be housed along with a set of videos from the cast addressing issues depicted in the show, and detailed help seeking information for young people.

"While we cannot and would not stop anyone from watching *13 Reasons Why*, we can make sure people have access to helpful and safe information, and remind everyone that there is help available if required," Mr Trethowan said.

The tailored resources will be made available on the *13 Reasons Why* website – [13reasonswhy.info](http://13reasonswhy.info) and the headspace website - [headspace.org.au](http://headspace.org.au) just prior to the launch of the second season on Friday 18 May 2018.

If you or someone you know is struggling, visit [headspace.org.au](http://headspace.org.au) to find your nearest centre or call headspace on 1800 650 890. If you are in need of immediate assistance, please call Lifeline on 13 11 14, Kids Help Line on 1800 55 18 00 or 000 if it is an emergency.

## SBHS SAILING

### NSW State Sailing Competition Report

From Friday 4 May – Sunday 6 May, the Sydney High First Grade Sailing team competed in the NSW Secondary Schools Sailing Regatta. The culmination of the sailing season, the regatta was held at George's River Sailing Club with 21 teams competing for a chance at the state title and a Nationals berth. Fittingly, the conditions over the three days were extremely variable and tested every aspect of our sailing ability. Competing in strong winds of over 20 knots played to High's strengths, and saw us placed 5<sup>th</sup> halfway through the first day – with notable wins against Riverview and Canberra Grammar, and a one point loss against eventual National qualifiers Mater Maria. Despite slower winds throughout the competition contributing to tight losses against much lighter crews, we continued to gain wins against schools such as Pymble and St Aloysius, showcasing the

knowledge of sailing theory and ability to work together as a team we'd been working towards since the season began.

While the unfavourable conditions resulted in our final placing being lower than ideal, the unforgettable experience was a fitting send off for our Year 12s, and valuable for those returning to the team in future years. Our performance throughout the sailing season was the best in many years, and if the dedicated effort the Firsts displayed throughout this competition is continued, I'm very confident that they can only move from strength to strength. Thank you to everyone who made this season possible, MIC Mr Cotton, Head Coach Manfred, Dr Jaggard, and of course the High Sailing community. Your continued support is greatly appreciated.

### MIC Report

With the cold snap well and truly underway we welcomed Sydney Grammar to Centennial Park. I guess whilst most results were not what we were looking for, I must make mention of the grit and determination showed by most of our players. This is a great foundation for us all to work with. Our senior 1XI lost 0-3 but the endeavor shown by our players inspirational and I must make mention of our 10XI beating Newington 4-0 and special mention of Raghav Ramathan with a hattrick. I believe he also played 9XI and scored a goal there too. Well done Raghav.

I would still like to invite more off field support from our parents and players alike, especially on game days. Remember many hands make light work. I know our football committee is also looking for parents to join. Those interested could contact me.

#### **1st XV Report**

This week, the First XV lost to Riverview's Third Grade 24 – 0. A lack of communication amongst the team lead to some weak tries scored against us. Small errors in the first half made us lose our structure for the rest of the match, and left us without confidence when we needed it most. Man-of-the-match went to Sam Merrick, who played a strong game at fullback, and took a brilliant catch even though he was tackled while in the air. In training, we will be looking at maintaining our form and performing our jobs under fatigue, and further, looking to be the fastest to every attacking ruck, a significant factor that was left lacking in the match on the weekend.

**Archie Fox**

#### **3rd Grade Match Report**

We played a tough Riverview team this week and although we lost the game there were many positives which we will look to build on in our training sessions. Our defense is a key area where we lack experience and will definitely be a focus for our largely inexperienced team. MVP is Akif Kazi for his powerful runs which allowed us to gain momentum on offense.

**Dev Lalwani 12S**

#### **15As Match Report**

Going into our first game since the holiday break the 15As were not looking too good. With four of our players out because of a cadet camp and various other reasons we still had our heads high and played our hardest. Our team was clearly outplayed in both offence and defence. One thing we need to improve on is our tackling. Daniel Zheng and Joseph Dar both were standouts in today's game. With some better attendance at training hopefully we will be able to show some major signs of improvements in the coming week.

**Vincent Dorahy 10S**

#### **13As Match Report**

Sydney High U13s had made great improvements before the holidays but it was apparent in our first game that the level of fitness had dropped heavily. With only one training session after the holidays, Sydney High ran out onto the field wanting to make a good start. It was a tough first 10 minutes with both sides in an attacking battle. It was a well drilled Riverview side that scored the first points and from that point they scored another try in quick succession. We ended up losing 24 - 5 which showed we need to improve our defence if we are going to match our fierce opponents. Although, it wasn't without effort. Led by, our man of the match, Oliver Sun who had some barnstorming runs and got us on the front foot multiple times. Sydney High U13s have a lot to improve on and I believe that we have the team to be competitive in the games ahead.

### **1st XV Report**

The First XV gained a convincing win against St Pius' First Grade this week, scoring 41 points to their 19. An early roll on the scoreboard freed up some space for the backs to experiment with some new moves from training, and for the forwards to practise strong carries into contact. Our attacking form was very strong against Pius' defence, and our trust in the process to get on the front foot was well rewarded. Oliver Gao scored two tries in the corner, after fluid ball movement in the backline, set-up from the forwards drawing the Pius defence into a bunched group. Archie Fox also scored two tries, one with a lucky bounce from a chip-and-chase that cemented the game's outcome. The Firsts will be looking to improve

on our height into contact, and polishing up backline manoeuvres at training over next week in preparation for our upcoming game against Scots.

**Archie Fox 12T**

### **3rd Grade Match Report**

This game was a big learning experience for our team. After leading for much of the game we let it slip in the final moments and let in two late tries. This game is one we will remember and one that we are very disappointed to have lost especially after all our hard work. MVP for the game is Jonathan Wu who ran through the line and went past the last defender to score our first try and give us a lead just before the end of the first half.

**Dev Lalwani 12S**

### **15As Match Report**

With another week of training without a year group, the 15As were clearly outmatched by the St Pius 15As. They outclassed our team in every way as they were well prepared in both attack and offence. Leo Meng played very well putting his body on the line, something we as a team have to improve on. With our year 10s finishing exam period hopefully a dramatic change will be made against our next opponent.

**Vincent Dorahy 10S**

### **13As Match Report**

Sydney High U13s ran into the field hoping to bounce back from last week's loss against Riverview. We had made some big steps forward in training but it was clear from the get go, that all the work had disappeared. With very little experience compared to a strong Pius rugby team, we stood no match, in a blowout game 55 - 12. The disappointing score line did not represent the game fully. Some massive efforts from our man of the match, Sean Lim, who provided some outstanding runs and added an extra dimension in attack. All in all, Sydney High U13s have a lot to work on but the foundation is there to have a good season.
