

From the Principal High Talent

High's Under 16 (Year 9) team going to Melbourne for the Australian Schools Champs in December won the Open Boys Division 1 of the NSW Volleyball Tournament. They defeated our Year 12 team (coming off yearly exams) in the Final. Our Year 11 team finished 3rd. Our school is displaying wonderful depth in volleyball to manage a clean sweep at NSW state level! Congratulations to Mr Kay, Pinyan Gao and the rest of the coaching staff. Well done to Brandpon Nguyen (SHS-2018) whose HSC body of work 'The Pervasiveness of Self,' was selected for inclusion in ARTEXPRESS in 2019.

The Corlett Family & 1961 Old Boys Bursary Program

We recognise at High, that there are several families in each academic year suffering financial stress. Family illness, separation, unemployment, misadventure or enforced home care duties, can constrain a particular family severely when it comes to finding money for school contributions, uniforms, camps, excursions, sporting trips and co-curricular activities. Despite the strain and hardship, some students really want to keep involved in school life. These students, who embody the spirit of High, need our help to maintain their involvement.

This year, we managed to identify and support four students. Each boy received a credit of \$2,500 on his school account to pay for the necessities of a full student life at High. The intention of the Corlett Family, who endowed the bursaries, was that worthy but needy students should be helped to participate in school life. They made a commitment to fund four bursaries for six years. The program has been broadened, as other Old Boys from 1961

learned of the purposes of the bursaries. Hence, a second category of bursaries 'The 1961 Old Boys Bursary' will be awarded to an additional four students in 2019. Our target is to alleviate financial stress for eight families during next year – even more, if funds allow.

I will be making occasional reports to the Corlett family and the 1961 Old Boys, without naming any of the recipients, to apprise them of the contexts inspiring their philanthropy. Once the students leave school I will facilitate their wishes to contact and thank their benefactors if the beneficiaries reach out to the school to do so. Rather than keep this impressive program confidential, I want to make two different groups aware of its existence. First, I would like to encourage Old Boys and Friends of High to add to the pool of funds in the 1961 Old Boy Bursary Program or recruit a few friends to fund a separate bursary under the name of their graduating year.

In addition, I would like to reach out to current parents and carers who might find that their circumstances are overwhelming and that they would struggle considerably to make all or some of the charges associated with their son's education. If your circumstances are seriously necessitous, I invite you to write to me, marked 'confidential', sketching the particular context your family is experiencing. As bursaries become available, I will then have a number of families in need from which to choose additional worthy recipients.

Sydney Boys Team Travel Fund – ASF

We have an *Australian Sports Foundation* Project – the team travel fund. The idea is intended to defray some of the costs of our extensive sporting travel costs – to Armidale, Melbourne, Wingham, Canberra, Taree, Grafton, Terrigal, Port Stephens or the Gold Coast. If your son represents the school in any sport and is likely to 'go on the road' then it may

be possible to work with your MIC to reduce the cost of these sporting tours considerably via a tax deductible donation. Old Boys and friends of High are invited to make a contribution to this Fund also. If you have an interest in sport and would like to give back something to help our boys experience the fun of sporting trips while they are at school, then do as I did and donate direct to ASF at www.asf.org.au/make-donation/sydney-boys-team-travel-fund/ Last year the basketball teams that travelled to Victoria for the National Schools Championships were subsidised from the fund. Ask your MIC about organising a future sporting trip to take advantage of the ASF Team Travel Fund.

'N' Awards for Stage 5

Students in Year 10 who had unresolved warning letters in subjects were issued 'N' determinations last Friday. Even students in Year 9 are vulnerable, because the stage 5 curriculum is compressed in Year 9 for history and geography. They had until Tuesday of this week to hand in the missing work for assessment. Our goal in enforcing accountability for work assigned is to make sure students do not have holes in their learning that might have the potential to restrict them from reaching their potential in the HSC. Every student has a responsibility to complete work assigned by his teachers to the best of his ability.

Dr K A Jaggarr
Principal

Meet the Prefect-Intern

High Spirit isn't measured by your success or achievements, but by your unwavering commitment to strive for personal bests, despite the odds. This is the most important lesson I've learnt during my time at High. In Year Seven, I never thought I would be Athletics Prefect because I wasn't that kid who won all their races – in fact, I didn't win any events or even make any finals. And, despite training hard, I wasn't picked to compete in the GPS Athletics Squad. Instead, I cheered as passionately and as loudly as I could from the stands for our High Boys. I did that the following year as well. At any other GPS school, my athletics career would probably have ended there because of squad restrictions, but not at High, where participation is encouraged. Here, I could keep training at athletics not only if I was good at it, but because I enjoyed it.

As I stood in the stands cheering, I wanted nothing more than to one day be on that track too -- to wear the brown and blue singlet and give it my all against the other private schools. Finally winning the championship hurdles at GPS in Year 10 and 11 was worth all the hard work and pushing through the earlier disappointments. I'm incredibly grateful for the opportunities and support provided by High, and eager to help the school as a prefect in 2019.

Pico Dos Santos-Lee
Athletics Prefect

Meet the Prefect Intern

Sydney High's culture is unique in that it encourages and facilitates students' pursuits of both academic and sporting excellence. At High there are a multitude of co-curricular and community service opportunities available which provide both fulfilling and educational experiences. A large part of this culture is regular GPS sporting competition. Being a part of the GPS has provided me with the opportunity to race in front of crowds which make even Olympic crowds seem tame and allowed me to

experience sports like water polo and volleyball. Most boys at High can attest that these weekly competitions have created lifelong friendships and memories and will be one of the highlights of our schooling.

However, what I will miss most is the unified community at the school which never fails to be supportive: the boys choose to come out to Penrith, SOPAC or Centennial Park not because we will win or it's compulsory but to support each other's efforts regardless of the outcome. It's about hearing the boys roar not only when you win a GPS final or are selected onto an all-schools side, but also when you don't place or lose the national finals on a missed serve.

As a soon-departing Year 11 now studying for the HSC, I encourage everyone, especially members of the junior school, to make the most of their privileged position at High, immerse themselves in its unique culture, create memories and seize every opportunity to better themselves.

David Goh
Swimming Prefect

Meet the Prefect Intern

"Carpe diem" (Seize the day) – Horace, Odes, Book 1

When I came to High, I was enamoured, not of the trophies at the front office or of the pictures of old boys who had made their mark upon the school, but of the idea of scanning on every day, of the afternoon trainings filled with competitive laughter and of HSP runs with mates at Central back to when they were \$9...

My first experience of High wasn't even at the school. It was when I was 11, catching a train to the airport and seeing a group of boys in blue shirts sitting seats and doing their work. My father asking me, "Is that going to be

you one day?" "In your dreams Dad," I replied nervously, naively even.

I don't think that coming to High in Year 9 as two years lost but four years gained; I never had that *walk* through the Great Hall, but without my experiences outside of High, I couldn't have truly appreciated the many little things. I couldn't have seized the day.

I remember how my first cricket game with a leather ball was with the mighty 15Cs. It may not seem like much, but that game meant everything to me. Running in. Feeling exhilaration, as I bowled a couple of wides and no balls. But it didn't matter. I knew that the 10 other boys in the field had my back and that I had theirs.

Carpe diem: it's funny how much those two little words can have so much meaning. And to me, that is what it means to be a High Boy.

Jamie Nguyen
Prefect Ambassador
Cricket Prefect

Parent Volunteers Needed

Sydney Boys High School Orientation Day

Tuesday 27 November 2018
12:30 to 4:30 pm

Please come and help **the P & C** to welcome prospective parents to the School.

We need volunteer parents to help serve afternoon tea and welcoming our new parents and students.

It will be an enjoyable afternoon and all you need to bring is your friendly smile.

Please contact Stephanie Fung
via email funstep@gmail.com

or

0430 091 116

or

wechat (id: funstep)

if you can help

☺ Thank you ☺

Love your library

FROM THE JUNIOR LIBRARY

Make sure your Oliver screen is set up to search both libraries or you will miss out on accessing or even discovering our 2 library literature collection.

The Junior Library does not just purchase baby books for our Junior students. We purchase books to push good readers in this Selective school. We have many books that Seniors and Juniors can both share.

"Worlds in upheaval" HSC ENGLISH EXTENSION TOPIC. "Texts and Human Experience" HSC topic

From now on our library will be using these phrases as a tag term on any resource we think they would suit. This will apply to *ClickView* resources as well as fiction books. To search our library for any topic you just go to the Front Page of Oliver and "Google" your request under subject. So you would put in these whole phrases.

However it is worth learning how to search all libraries using similar terms and thinking a little about how to research topics like these which are new to all library systems and might not be readily available under these new headings. "Change" might be a useful search term.

For "Worlds in Upheaval" you can think of searching the Junior Library's genres. All "Speculative Fiction" could be related to worlds in upheaval. All "Dystopian Fiction" is about worlds in upheaval. All fiction about "War" is about worlds in upheaval. In some ways "Crime Fiction" is about civil life in upheaval. All books about "Terrorism" are about worlds in upheaval. Quite a lot of "Historical Fiction" is about worlds in upheaval – Wars of the Roses for example. I put all Junior Library Espionage into "Action Adventure". So anything about world threats are about worlds in upheaval.

We are currently discussing what will be required for "Texts and Human Experiences" and will write another High Notes article on this.

Two lovely books related to "Worlds in upheaval" have just arrived on our shelves and I would like to briefly

recommend them especially to HSC students. (Normal loan periods apply – loans are not full year)

The Stolen Bicycle by Wu Ming Yi has just arrived onto our library shelves. It is a charming book about Taiwan during and after World War 2 when Taiwan was taken over by the Japanese and it was written by a Taiwanese and translated into English. It will join our Asian Literature Collection and its Genre is Historical Fiction.

This book really puts our modern lives with cars, supermarkets, drones and aeroplane travel into perspective by its fascination with vintage bicycles which were once as important to families as obtaining a car. The book traces a particular bike through the bicycle invasion of Malaya by the Japanese bicycle army and also brings in captured elephants who acted like tractors for the Japanese army in this campaign. It tells many heartbreaking but also charming stories of love and loss and discusses many fascinating features of Taiwanese commerce such as butterfly paintings and the industry which drove them. While this world was in turmoil the resilience and emotional support the Taiwanese people offer one another is surely the outstanding message to all of us in a world of rapid change. It is also interesting to ruminate on this novel as an example of texts and human experience. How would today's society understand modern Taiwan if it did not appreciate its past history? If this text had not been written this unique and very charming perspective would be completely lost.

The second book we have just put out on our shelves was Long listed for the Man Booker Prize and depicts the upheaval experience by young *Muslim* migrants in Brexit obsessed Britain.

Home Fire by Kamila Shamsie tells the story of the effect on children left in a non-Muslim country when a parent or relative becomes a jihadi. In this story both the father and the son become involved in fighting for strongly held Muslim values in another country.

The families left behind have to live their lives being very careful they do not show any indication that they will follow a terrorist path. The daughters of the family find it difficult to get an education. Money is in short supply. The son of the family becomes a target for revolutionary recruitment to fight the war in Syria and finds himself banned from returning to his home country – Britain. He is executed by his handler on the steps of the British consulate in Turkey.

Very significantly a Muslim politician who tries to tread what he believes is the correct path for British Muslims faces the tragedy of his son paying the price for his abandonment of traditional Muslim beliefs by being trapped in a Pakistan park with an explosive vest secured to his body. This is indeed a world in upheaval.

CASH REGISTER RECEIPTS

Cash register receipts for all items (with the exception of General Contributions and Tax deductible receipts) are **not delivered to students in classrooms**. Receipts for payments made via telephone, the online payment system or left with the office for processing will need to be **collected by the student** before the end of each term.

Receipts will be available for collection from the **McDonald Wing Office** during the following times:

Monday to Friday
Lunch 2

Uncollected receipts will be destroyed at the end of each term and copies will not be reissued.

Receipts will still be issued directly when paying in person at the register

The Underpants

Capture a glimpse of *The Underpants!* A production performed by Year 10 Drama, featuring Kaeshikan Raviraj, Leo Zhang, William Winter, Nathan Cochrane, Aidin Bushati, Matus Posumah, Ikko Arimoto, and Joseph Wong. These brilliant drama students will be showcasing their astonishing talents in this production on the 27th of November in room 204.

The Underpants! Is a story about a young, beautiful woman named Louise (played by Leo Zhang and Matus Posumah) whose underwear drops in the middle of a parade. After the incident, her husband scolds her, and after attempting to calm him down by claiming that "No one saw it" her husband leaves the house to calm down.

She summons (the mouth who lives upstairs) Gertrude (played by William Winter) a nosy woman and the dear friend of Louise, to discuss the incident. She claims that no

one noticed her, and as she sends Gertrude back, a poet (played by Aidin Bushati) comes in and confesses that he has fallen in love with her. She realises that all is not well, and conspires with Gertrude to have an affair. Will Louise be satisfied by the poet, or will she realise that she loves another man?

Meet the Music Concert Series 2019

Students in Years 9-12 who have chosen to do elective music [subject selection], must ensure to have their 'Meet the Music' consent form completed and payment handed into the office by Friday 30 November. Mandatory attendance is required for all elective music students in Years 9-12. If you have misplaced the consent form/letter, there are extra copies outside the Music Department.

End Of Year Concert

There will be an End of Year Concert on Sunday 25 November at 1.30pm in the Great Hall. All ensembles will be performing at the concert. Entry Fee: \$5 per person OR \$10 for a family of three. All funds raised, will go to support the Music Performance Program. Performance Uniform for Students: School Uniform [white shirt], blazers are not required at this event. Mandatory attendance for all students in the Music Ensembles Program at SBHS.

2020 European Music Tour Rehearsals

Students are to check the daily notices for announcements regarding rehearsals. Rehearsals will most likely commence after the end of year concert.

2020 European Music Tour – Nomination Form

Results of the Music Tour Auditions have been distributed to students, please ensure nominations forms and payment are sent to Angus Travel by Friday 16 November.

The Music Department would like to thank students, parents and guardians for your overwhelming support for the European Music Tour in 2020.

Marching Band

Marching Band rehearsals have commenced on Tuesday afternoon from 3.20pm – 4.20pm in Room 204 [Great Hall not available due to HSC Exams]. Mandatory Attendance for students in Intermediate Concert Band, Senior Concert Band, Junior Stage Band, Senior Stage Band and selected Percussion Students.

Music Events Calendar

Date	Event	Music Students Involved
Friday 16 November	Music Tour Nomination Form + Deposit sent to Angus Travel	Music Tour Students
Sunday 25 November	End of Year Concert, Great Hall at 1.30pm	All students involved in Music Ensembles Years 7-12
Tuesday 27 November	Annual Music Assembly 9.55am, Great Hall	2 x Piano Elective Music Students Senior Stage Band Students receiving awards will notified in advance
Sunday 25 th November	End of Year Concert, Great Hall at 1.30pm	All students involved in Music Ensembles Years 7-12

Music Events are continually added and are subject to change.

Parent/Guardian Music Contact List

Please send the following details to music@sbhs.nsw.edu.au if you would like to receive emails regarding the Music Performance Program only [i.e. Music Events e.g. Music Camp/Concerts/Workshops, Music Committee Meetings etc.].

SHOOTIN' HOOPS

237

Welcome to another edition of Shootin' Hoops. A really strong week for High this week. While the 14's and 15's show continuous signs of development in the game, the Opens and 16's showed true dominance across all teams, with the 16's having a clean sweep of wins and Opens winning 7 out of 10 games. Firsts had a solid W, final score 77-69 with Eoin Fitzgerald and Julian Markworth-Scott having dominant games with 27 and 24 points respectively. It was neck and neck until the fourth quarter, where the team stepped the intensity up, leading to a Noah Casalang three and several Julian Markworth putbacks to increase the lead and seal the game. Seconds had a dominant game from the beginning, with Ratchaphak Prekpanarut scoring right off the tip-off. Vasco-Santos Dwyer and Tyler Harapin owned the boards with 9 and 8 rebounds respectively, and Kristian Lisica made it splash four times from behind the arc to give him 12 points. Grammar seconds eventually closed the gap into single digits, though several members of the squad

stepped up, including Alec Ryan (14 points top scorer), who made several tough layups and floaters during clutch time in the fourth quarter to put the Seconds back up by over 10 points. Ultimately, a collected effort in both Opens teams playing hard, smart and together resulted in hard earned wins for both teams. Well done to all. Thank you once again to Mr Hayman, Mr Higgins, Ben Carter and Bruce for their crucial roles in coaching, developing and caring for the wellbeing for our players.

That's all for this week. Next up, the Shore school. It won't be easy, as Shore have proven to be one of the most dominant GPS schools, but let's show them what we're really made of. Train hard, keep the team together, and only good things can come from it. And remember, as always: Play Hard, Play Smart, Play Together.

SEE THE NEXT PAGE FOR RESULTS TABLE

A massive thank you to all parents who help out in the canteen!

Go HIGH!
Play Hard, Play Smart and Play Together!
Thanks to everyone who makes Shootin' Hoops possible

First XI Match Report

Taking tons of momentum from our victorious Round 1 clash against reigning champions Riverview, the 1st XI was keen to knock off Shore College, a side tipped by most to take out the competition.

Unfortunately, we lost an important toss and were forced to bowl on a flat McKay deck. We got off to a decent start, with Shore rarely exceeding 3 an over before lefties Anish Joseph (Year 10) and Menuja Goonaratne (Year 10) ripped through the top order to leave them 3-80 at lunch.

However, the Shore middle order proved to be stubborn before Hunar Verma (Year 11) and Cameron Pereira (Year 11) struck to leave Shore at 5-150. Their tail put up a commendable performance before given out by Vivek Mahajan (Year 10), a man proving to be a master at dismissing the tail picked up 2 wickets. Nicolas Leong (Year 11) chipped in with a wicket and a run out helped our cause before Anish Joseph (Year 10) plucked up his 3rd for the match.

Shore were dismissed for a below par 227. We went out to bat with a tricky hour left before stumps. However, Shore were fired up, and a few soft dismissals left us in a fragile position at 3-7. Arvin Niranjana (Year 11) then came in and looked to shift the momentum with a brisk 30.

Along with opener Saarangan Arvind (Year 10), we were able to get through to stumps without the loss of any more wickets, at 3-45.

With the game delicately poised, we need a strong performance with the bat next week to knock off the remaining 182 runs.

Arvin Niranjana First XI Captain

Cameron Pereira First XI Vice-Captain

Second XI Match Report

After a narrow loss to Riverview last week, we headed into the 2nd round of the GPS against Shore with high hopes. Being sent in to bat, after losing the toss, we knew we had to be patient in order for us to bat long into the day. After a nervous start between openers Varun Rana (Year 10) & Mukund Rangarajan (Year 10), we lost Mukund early and tried to stabilise with Sudaraka Pieris (Year 11).

A great partnership between Sudaraka and Jackson Gan (Year 10) meant that we were 3 wickets down for 87 runs by drinks (20th over). Unfortunately, after a well fought innings of 47, Sudaraka fell first ball after drinks.

From then on, it wasn't looking good for High as wickets tumbled in quick succession with Jackson falling for a solid 20 and with that High all out and only managing 120 runs.

Needing to start with early wickets, we got our wish with a wicket from Aleksei Maksymow (Year 10) and a run out placing Shore in an uncomfortable position. Shore kept their composure however with both batsmen ticking it over and picking the bad balls.

At the end of the day, Shore finishing 2 wickets down for 90 runs, needing another 31 runs for victory.

We can now look and reflect on the small chances that might have changed the course of the game and what would have happened if those chances had been taken.

Leading into next week, we will try and push hard to salvage anything that will save us from defeat.

Harris Memon

Second XI Captain

Team of the Week: 14Bs

Huge Congratulations to the 14Bs who recorded a resounding victory over Sydney Grammar on the weekend. Let's hope your hard work as a team and guided by Coach Adam He (SHS 2017) can record some more W's for the rest of the season.

Coming into this game with a win, we weren't as confident as we should have been. Why? Well, last time we played Grammar (which was last season) we got rolled for 18 and 23!

Anyway, our team won the toss and we elected to bat on a flat, hard wicket. Chandrashekar fell early, but Ramin and Siddarth steadied our batting.

Wickets fell slowly, but Ramin remained at the crease, and he consolidated for his slow innings at the end,

scoring 25 off the 27th over. Eventually, we reached a score of 160 all out with two balls to spare.

Grammar came in with a big task at hand, and they lost an early wicket. We then bowled ten consecutive overs of spin, and it worked. We severely hampered their run rate and picked up a couple more wickets, and at one point we bowled four maidens in a row.

Sydney Grammar never came back from there, and with three wickets each from Samin and Tri, Grammar stumbled to 99 all out, and we earned a magnificent victory against the team we lost to so badly last year.

Adit Mahidadia
Captain 14Bs

14Bs with Coach Adam He

High Cricketers of the Week:

I couldn't choose from two junior cricketers who have proven themselves to be outstanding on the field throughout this season.

Chris Roussos (14As)

Chris Roussos has done extremely well for High for the past couple of weeks. As captain of the 14As, he has lead from the front with the bat, posting scores of 71 not out, 53 not out over the past couple of innings.

His captaincy has proved to be extremely rewarding with the 14As undefeated in the regular season with wins against Newington and Riverview.

Congratulations young man! We hope that you continue to score runs for your team, the school and captain your team to more wins. We hope to see you batting for higher honours in the future for our school!

Ramin Hossain (14Bs)

Further recognition to Ramin Hossain who has pitched in for his team when they needed it the most. His most

recent batting innings against Sydney Grammar saw him make an incredible 93 runs off just 91 balls! Wonderful!

This has been an incredible climax to his previous matches with Ramin take 5/32 against Riverview after making 32 in the same match! Ramin made a further 52 against St. Joseph's College at the beginning of the pre-season. Great work!

We hope that you continue your passions in cricket and that you continue to work hard with your team for the rest of the season and into the future. We hope to see you with a bat and ball in your hand at McKay 1 in the future!

Jamie Nguyen
Cricket Prefect

Congratulations to our youngest age group the 14's who have stood out this week!

This week sees us complete our two-dayers against SHORE in Round 2 of the GPS Season for our higher teams: (As) and First and Second Grade teams.

All other teams will play variants of T20 Matches to 1 Dayers (32 overs) against SHORE.

To all parents and players, don't forget to go through the points below:

- If the weather is inclement on a Saturday, you can find any changes to the fixtures on the SBHS website on the home page. No changes = game is definitely on.
- Please make sure that all the boys wear SBHS logo hats and tops.
- Make sure they drink plenty of water and carry a drink bottle with them to training and fixtures.
- For training sessions (outside of school hours) and Saturdays, parents are to email through the specific details of absence (**Student number, name, sport, team, reason and date of absence** to absences.sport@sbhs.nsw.edu.au)
- Remember all cricket games are important to attend to each Saturday, otherwise you are letting your team down.
- A **100% attendance record** equates to 5 extra Award Scheme points for juniors.
- Please notify their coach if they are unable to attend training or their fixture.

Play Hard, Play with Sportsmanship & High Spirit and most importantly have fun with your cricket! Good Luck!

David Smith
MIC Cricket

SAILING

The wind was once again in our favour last Saturday, with some 10-15 knot winds during our fleet races, where Jarrod, Arion and myself continued to lead the fleet for our school, amidst some experienced Scots sailors. The majority of the fleet made the mistake of rounding the mark on their port side for the first race, despite the starboard rounding flag being up. Boys need to be particularly wary of the flags that are being flown, which may affect the direction they need to round the top mark, postponement of races, and recalls of starts. Fortunately, the flag was later changed back to port side roundings which many boys are more used to. Later in the day the first grade boys did some more teams style training, as there was unfortunately no teams racing on Saturday, due to the absence of Ascham and Cranbrook.

The training we had was quite helpful however, as the skippers were able to practice their strategy for intercepting boats on the downwind, which is useful when your team is in a losing combination, in order to hold back the opposing team's boats and let your own team advance. Another technique we were able to practice was trapping at the upwind mark, which was magnificently pulled off by Ben Kernohan, who

set up a stellar mark trap that held back two opposing boats in place at the top mark. Congratulations to Ben for his excellent work.

Jack Vorgias
Sailing Captain

Tennis Update

Our 1st & 2nd Grades have secured their positions at the top of their pools for the trial season. Winning 9-0 in both fixtures, they look to continue their performances in what will be

challenging fixtures v Shore, Newington and Scots in the coming weeks. Our juniors are improving but will need to work on their serves and consistency for better results

All boys are reminded they need to attend 3 training sessions per week

Letters Re Student Absence/Late Arrival/Early Leave

When your son returns to school from being absent he is required to provide a letter of explanation signed by a parent or guardian. If your

son is going to be late for school a note is also required. Alternatively, you may contact the school by phone on 9662 9300 and dial "1" for the absentee line.

If your son has an early leave note he is required to have his note signed by either Mr Dowdell, Ms Powell or Mr Prorellis **before 9:00 am** and handed in to the Main Office immediately after. Each letter should be signed by a parent or guardian with the **name, date and roll class** of your son **printed clearly**. Your son needs to pick up a leave pass from the Main Office before he leaves the school.

Absences

Absences – School: absences@sbhs.nsw.edu.au
Absences – Sport: absences.sport@sbhs.nsw.edu.au

Leave

If you require **extended leave** for your son **exceeding four days**, please apply in writing on the

departmental application leave form which is available on the parent portal or front office. Your son must then present this application to Dr Jaggar for permission for extended leave. Please note that leave applications need to be submitted **four weeks prior** to your son's leave of absence.

Water Polo Report

Heading into the season we were well aware that we were going to be distinctly outmatched in terms of strength, speed and size. Trinity - the CAS swimming powerhouse were exactly that, carrying not only efficiency to their movements in the water but a physicality unmatched by previous opponents

Because we had developed a tendency to start games slowly, the first four minutes which included hardy defense and smooth ball distribution, came as a surprise to the team. To sustain that success for the entirety of the 28 minutes was the challenge. Khalil opened the scoring with a thunderous bounce-shot after drawing a foul. However, Trinity fired back putting the ball into the back of the net just before the buzzer had gone off. Two possessions later, a similar passage of play brought about again - another buzzer-beater, sending an overall feeling of dejection throughout the team. However, it was in the fourth quarter where we began mounting our comeback - with David's speed and Eddy's powerful shooting, we crawled back into the match, ultimately ending the game with the final score being 6-11.

Despite the result, I saw a team that was tenacious, one that was supportive and one that never stopped striving. And it is these same qualities which give me the confidence to say that we'll be successful for the rest of the 2018-19 season.

Mathew Le 11R

16A Water Polo Report — 03/11/18

The 16A's team arrived at Auburn Ruth Everuss Aquatic Centre to verse the team we faced two weeks prior. Stacked with strong players in all positions, our team had a fighting spirit against the opposing King's team, consisting of 14 players at their disposal. After strong defence, the opposition only scored three goals with Ghazi as our keeper. After several more goals from a single player on the opposition. Vitaly was sidelined for one reason or another, and his reaction resulted in a red card with a suspension for a week. With our best man for defence out of the game, the King's team continued to stack up their goals with Tim as our keeper. Although it was a humiliating loss of 14 to nil, it was still an improvement to the devastating loss against them in our previous game.

Jack Nguyen

Under 14s

On Saturday, the under 14's team played against Cranbrook. We played a good game but sadly Cranbrook was just that little bit better. We learned during the match that we need to improve our swim up and marking our opposition better. Despite these fine points, we played a great game with some excellent defending by Alan in goals. We also managed to get in a few goals of our own, Ryan managed to score twice, Peter scored once, and Tom also managed a goal. At one point in the match Peter was awarded a penalty but because of another game's referee's whistle, he shot too early and the goal was disallowed. All in all we played a great game with lots of good passing but were sadly out played by our opponents.

Captain of Boats Report

Having undergone 2 months of training, the year 9 quads, year 10 VIII's and Senior VIII's were looking towards the inaugural regatta as a key opportunity to execute the technical and physical changes brought about this year. Despite the marginally disappointing times, the seniors were able to successfully execute their respective race plans, knowing huge gains on the other crews are within arms reach in accordance with the rate cap and practice

in the VIII compared to sculling. For the Juniors, a first sweeping racing experience for the Year 10's before heading to Melbourne and the Year 9 1st quad finishing within 5 seconds of Grammar were highlights for them. With the first race under our belt, all crews are looking towards the Scots Regatta as a further opportunity for both technical and physical progression.

Leo Ye (12E)

PARTICIPATE IN RESEARCH

We need your help

The Children's Cardiovascular Health Study

We are developing a simple method to measure aortic blood pressure in **CHILDREN & TEENS** to help identify early risk of adult heart disease.

We are seeking volunteers aged **9-15 YEARS** to take part in our research. The study will take place during a single visit. If you would like to participate or would like to enrol your child to participate, please contact us for more information.

Please contact **Melinda:**

Melinda.phang@sydney.edu.au

02 86271924

***Validation of clinical tools for central blood pressure and vascular stiffness
assessment in children***

INFORMATION FOR PARENTS AND CAREGIVERS

Introduction

You and your child are invited to take part in a research study into cardiovascular health in children. The objective is to investigate whether non-invasive tools to measure cardiovascular health in adults can be similarly effective in children.

The study is being conducted within this institution by Associate Professor Michael Skilton and his team. Mr Tommy Cai, Ms Hasthi Dissanayake, Ms Alice Meroni and Dr Melinda Phang will be undertaking the investigations under the supervision of Associate Professor Michael Skilton.

The study is part of a national collaborative study coordinated by Australian Researchers at the University of Sydney, Macquarie University, Royal Prince Alfred Hospital, and the Childrens' Hospital at Westmead.

The study is being supported by a Research Development Project Grant from the NSW Cardiovascular Research Network.

Study Procedures

This study will take place on a single visit and require no more than 2 hours. If you agree to allow your child to participate in this study, you will be asked to sign the Parent Consent Form.

1. **Complete some questionnaires.** These seek information on your child's medical and exercise history and your medical and pregnancy history. You and your child will be asked to complete two questionnaires – a Participant/Maternal Medical Questionnaire and a Physical Activity Questionnaire. *If possible, we ask that you bring your child's blue book to help complete parts of the Medical questionnaire.*
2. **Blood pressure analysis.** Using a non-invasive painless technique called applanation tonometry, which uses a pencil shaped probe placed on the skin above the pulse at your child's wrist, neck and arm. With this we are able not only to measure your blood pressure, but also the shape of the pulse at different locations as the heart pumps blood through the body.

3. **Blood flow speed.** Using a blood pressure cuff on the thigh and a pencil-shaped transducer on the skin of at the neck, we are able to measure the speed at which blood travels through the abdominal aorta (the main blood vessel in their tummy). These measurements are quick, non-invasive and painless, and will allow us to study the main vessels of the body. This procedure will not require undressing.
4. **(Optional) Manual measurement of blood flow speed.** Use of a pencil-shaped transducer on the skin of the thigh and the neck, as well as three ECG leads attached to the chest, will be used to manually measure the speed of blood through the abdominal aorta. This procedure will require partial undressing for placement of ECG leads on the chest and to access the main artery in the upper thigh.
5. **Blood pressure control with exercise.** A blood pressure cuff with an infrared light detector will be placed around your child's wrist, and a 3-lead ECG attached to your child's chest to measure their heart rate. We will continue to measure this blood pressure before and during a short period of physical activity (ie. Exercise bike) over a period of 20 minutes. Please bring a comfortable pair of sneakers for your child for this part of the study.
6. **Ultrasound of the heart and blood vessels.** This involves a safe ultrasound test to image your heart, abdominal aorta (the main blood vessel in their abdomen) carotid arteries (blood vessels in the neck) and brachial artery (blood vessel in the arm). This test uses a similar machine to the ultrasound used during pregnancy. When looking at the artery in the arm, we will inflate a blood pressure cuff over the area for 5 minutes, which may cause slight discomfort, but is otherwise harmless.
7. **Body dimension measurements.** We will measure your child's height, weight, hip circumference. Furthermore, we will use a device (BODPOD) in order to characterize your child's body-fat percentage. The BODPOD is a capsule-shaped device in which your child will sit. In order for the BODPOD to measure body-fat percentage accurately the participant must not be wearing loose-fitting clothing (appropriate clothing include swimwear, lycra exercise clothing, etc) and be wearing a swimming cap (which we will provide) for this part of the study. We will ask that you bring such clothing on the day, if available.

Risks

There are minimal risks of participating in this study, including:

- The sensation of the ultrasound gel and transducer on the skin, and the inflation of the blood pressure cuff around your child's arm, can cause some discomfort.
- Manual measurement of blood flow speed (optional). This is a non-invasive procedure that will not cause any harm, but will require partial undressing to uncover the chest and femoral artery in the upper thigh.
- For one of the ultrasound measurement, it will be required that we inflate a cuff on the arm for a short period of time. This will temporarily reduce blood flow to that arm and may cause slight numbness and tingling for a short

period after the measurement.

Benefits

While we intend that this research study furthers medical knowledge and may improve the tools used for early recognition of cardiovascular disease in children in the future, it will not be of direct benefit to you. However, if you wish, we can provide you with a copy of your child's body composition report at the end of the study.

Costs

Participation in this study will not cost you anything, nor will you be paid. However, you will be reimbursed for your travel expenses for study visits. As gratitude, we will offer you movie tickets at the end of the study.

Voluntary Participation

Participation in this study is entirely voluntary. You do not have to take part in it. If you do take part, you can withdraw at any time without having to give a reason. Whatever your decision, please be assured that it will not affect your medical treatment or your relationship with the staff who are caring for you.

We estimate that this study will take approximately 2 hours to complete. During this time your child could get distressed or upset. Please note that you have the right to cease participation or withdraw from the study without any consequence at any time.

Confidentiality

All the information collected from you for the study will be treated confidentially, and only the researchers named above will have access to it. The study results may be presented at a conference or in a scientific publication, but individual participants will not be identifiable in such a presentation.

Further Information

When you have read this information, Dr Melinda Phang, Ms Alice Meroni, Mr Tommy Cai or Ms Hasthi Dissanayake will discuss it with you further and answer any questions you may have. If you would like to know more at any stage, please feel free to contact Dr Melinda Phang on 8627 1924.

If you require directions to Charles Perkins Centre/RPA clinic or intend to drive, please let us know and we can provide you with details regarding directions and potential options for parking.

This information sheet is for you to keep.

Ethics Approval and Complaints

This study has been approved by the Ethics Review Committee (RPAH Zone) of the Sydney Local Health District. Any person with concerns or complaints about the conduct of this study should contact the Executive Officer (Sharon Falleiro) on 02 9515 6766 and quote protocol number X16-0065.
