

From the Principal Examinations

We have been able to run Year 9 and Year 7 examinations concurrently with the HSC thus far. I would like to pay tribute to Mr Prorellis and

his team of invigilators who have done a great job in providing COVID-compliant examination spaces. Thank you to the Old Boys and others who have helped to set up and knock down the gym multiple times with two areas for some examinations. UTS have been accommodating in allowing us time to clear away the desks and drop sheets before their hirers come in the evening. Many people have collaborated to make this critical time of the year work smoothly. Thank you all.

Community Involvement at High

As an education system, the Department of Education has a mission to ensure that every student is 'known, valued and cared for'. This ideal context is unattainable without a highly collaborative, accountable and supportive network and partnership structure. At High we are no less in need of these effective partnerships in order to nurture scholar-sportsmen, provide opportunities for excellence and inculcate our agreed values of integrity, respect, compassion and dedication. If it takes a village to raise a child, it certainly takes a lot of people to nurture growth in our students. As well as parents, we have 100+ Old Boys helping out in various ways. Our culture is dependant on this high level of involvement by our community. At this time of year, our constituent governance bodies re-calibrate for the next

academic year. The P & C declares positions vacant and office bearers and delegates are re-elected or replaced by election. We need active parents to take an interest in our institutions so that the school can continue to be inclusive, collaborative, responsible and accountable to its stakeholders.

One outcome of our current pandemic is the greatly enhanced power of electronic communication and video conferencing. We can accommodate parents wanting to help but unable to attend the school. People with financial skills are in demand to act as honorary treasurers in our P & C, Canteen Sub-Committee and Incorporated Associations. Most of their work can be done from home. Others with legal, business management, architectural or construction backgrounds can offer valuable help on specific projects.

Generations of parents have been crucial in our development as a school. Together with the SHSOBU, they have provided facilities enjoyed by current students. The Governors Centre is the latest example. The COLA, the Cec Rubie Library, the Outterside Centre, the McKay Playing Fields and Fairland Pavilion and the Sydney High Rifle Club premiers at Malabar – all were completed as a result of the work of partnerships between parents and Old Boys. Since 1986 the Sydney High School Foundation Ltd has given legal expression to this partnership. Its aim is to provide facilities and resources for the school. Its Board is comprised of P & C and SHSOBU delegates.

We are always seeking people to help. Generosity of time has been the hallmark of our community's response to the call for assistance to provide more opportunities for our students. For 2021 and beyond, I am asking you to heed the call and do what you can.

Subject Acceleration

Subject acceleration has worked very well at High as a gifted education intervention for 15+ years. It is so customary that it is in danger of becoming seen as another elective. It is a privilege granted by the Principal to a qualifying group of students who profess great interest in a particular stage 6 area of study. They need a record of academic success generally and a high degree of accomplishment in

the subject area in which they propose to accelerate. They also need to be conscientious autonomous learners. After the Preliminary Course there is a time of reckoning. Head Teachers are empowered to allow the intervention to continue to the HSC. Guiding questions for them are – is the student still in the top 100 on the rank order, and is the result gained above average in the class? Head Teachers have the power to accept students into the HSC Course, recommend awarding Preliminary Course but insisting that the weaker students discontinue the course, or not awarding Preliminary and giving the student a stage 5 mark.

At this time of year, Year 9 are asked to submit their applications for acceleration. These must be downloaded and completed before 6 November. Students should go to R:\School Admin\Acceleration\Acceleration Application (Individual Learning Plan).pdf to download the form and submit it to the Head Teacher of the subject in which they are applying to accelerate.

What's the best thing about life at High?

High Spirit! Five years ago these were just two separate words to me, but over my five years at Sydney High, I have come to realise how it has moulded me into who I have become. High Spirit is the camaraderie and the bonds which have developed and grown through school life and co-curriculars. The culture and tradition that comes with our High Spirit is so unique in providing such brotherhood between boys - no matter how many times you fall there will always be a pair of hands to lift you back onto your feet. High has taught me that no matter our differences, we will always find a group of mates that share our interests and create lasting friendships. High isn't defined by the 100-year old buildings, but it is defined by the eager boys who race to the front of the canteen lines, the ecstatic classrooms when there's a Kahoot and the booming chants that fill GPS carnivals. The experiences and the laughs along the journey are truly irreplaceable, and that's what I love about life at High the most.

What is your favourite memory from High?

The deafening voices of the boys in blue and brown paired with the intense banging drums at GPS carnivals is an unmatched experience. It was this feeling of euphoria and camaraderie that I will never forget. Specifically, my first ever GPS carnival was the swimming

carnival held at SOPAC where our school had significantly fewer supporters compared to the other prestigious schools. I still remember only coming to this event for the award scheme points, but at the end of the night, I walked away with something much greater than that. It was my first-ever glimpse of High Spirit amongst the boys, and from that night onwards I attended every future GPS carnival. Regardless of year group, boys in brown and blue linked arms and chanted until we lost our voices. It was truly an unforgettable night and has stuck with me since.

What advice would you give to a year seven?

You would have entered the school via a test, but the real test is what you do when you finally get here. When you look back on your time in year seven, it won't be your academic rank that you remember, but instead, it'll be the countless memories and lifelong friendships that will stick with you. I urge year 7's to immerse themselves in the myriad of opportunities presented at High whether it be academic, sporting, musical or other co-curriculars. The experiences you gain as a High boy are with you for life. For me, it was this one random lunchtime volleyball trial which introduced me to the world of volleyball and laid the foundations for me to excel at the highest levels of competition. Bite off more than you can chew, and you will be surprised where it leads you. We are all fortunate to have the opportunities, resources and talent to create our future history at High. So what will you do at High?

Sydney Boys High School P&C Notice

Dr Jaggar & Mr Dowdell celebrates 20 years as Principal and Deputy Principal at SBHS
Thank you for your tireless contribution & enjoy your retirement Mr Dowdell

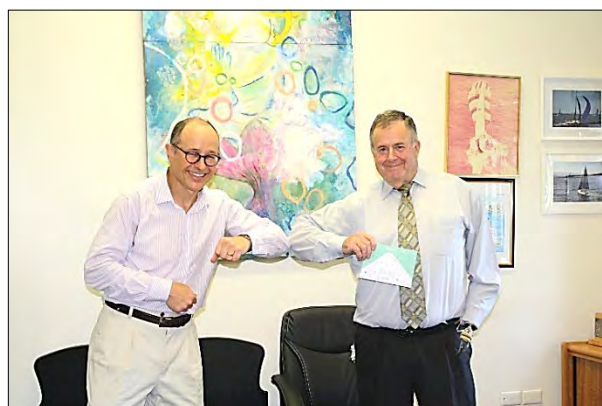

On Friday 23 October, SBHS P&C recognised Dr Jaggar and Mr Dowdell's 20 years as Principal and Deputy Principal at SBHS, with an expression of gratitude and small gift to each on behalf of the SBHS community.

We are grateful to both Dr Jaggar and Mr Dowdell for the long hours they spend at school. I receive their email messages as early as 6:30am and sometimes very late into the evening. I recognise the abundant behind the scenes work that goes into administering such a large, complex high school as SBHS with students from all over Sydney, while constrained by government rules and juggling construction of a new building while a global pandemic is unfolding.

Mr Dowdell has been coding software to automate the SBHS' systems for many years. Dr Jaggar continued to personally and individually interview each of our 1,198 enrolled boys about their academic reports, encouraging work on issues identified and praising their accomplishments. We salute to you both.

Mr Dowdell is retiring in 2021. Thank you for your tireless contribution to SBHS over the years. Enjoy your well deserved retirement!

Yours Sincerely,
Geoff Waring

Mr Hayman's Team of the Week: 14A's and 1st grade:

Sticking to our SBHS Basketball culture both sides played our great Sydney Boys High style basketball over the weekend. "Ubuntu" (I am because WE are. A WE squad, not a ME squad) these sides respected myself, their coaching staff and put in for the school. Both sides can build with momentum from here across the term.

Sydney High Basketball Tradition

The High basketball tradition revolves around

1. Players who will never quit.
2. Team mates who will apply themselves relentlessly.
3. Playing as a team and for each other.

Success comes from those who can focus on the moment, those who are able to 'play one play at a time' rather than those who focus on what might happen.

A 'WE' Squad:

Attitudes can be developed just like physical skills. A "WE" group is developed by absence of blame, mutual respect, self- sacrifice and an absence of negative behavior. Players who see themselves as superior or those who allocate blame to their teammates do not have necessary attributes to play for High or squad. Be proud to represent your school in the best possible way. Project our themes. Play for the team, make your teammates better and project a never say die attitude. The coaching staff are working together to make your season the best experience it can be.

A Group Who Can Handle Adversity:

In difficult situations or when things are not going our way, it is critical each and every player remains focused and contributes to the team effort. Adversity is overcome by poise; it is essential to focus on the moment with positivity and courage. This is Sydney High tradition. Treat a pressure situation as a challenge rather than a threat. Adversity is a great opportunity.

An Assertive Group:

Successful players take responsibility for their own

actions. They are their own most important coach, manager psychologist etc. they take charge and are proactive. Players who are timid will not communicate effectively or make skillful decisions.

A Great Defensive Team:

This is of particular importance. We want players who are conditioned both physically and mentally towards playing great defence. We want players who are eager

to develop the required techniques and have the persistence to restrict and stop an opponent as much as possible for an entire game. Our general goal defensively as a team is to force teams to try and beat us by shooting from the perimeter over a defender's hand.

Go HIGH! Play Hard, Play Smart and Play Together!

Go HIGH!
Play Hard, Play Smart and Play Together!
Thanks to everyone who makes Shootin' Hoops possible
Brought to you Xavier Perry and Lucas Adamson.

1st XI Report

This week we were at home at our own prestigious McKay Oval at Centennial Park. Captain Bilal Abbasi lost the toss and Sydney High were sent in to bowl.

Again with overcast conditions and a slightly green pitch from the heavy drizzle the night before, it made for a challenging contest. With the pitch suited for bowling, our opening bowlers Adi Nigul (11M) and Xavier Nath (9E) led from the front once again creating a great foundation for our side. We saw Albert Giles (10E) take the first crucial wickets once again but it was a team effort to keep the hosts down to 200 all out at the end of the innings.

With conditions favouring the opposition, High found it very difficult to bat losing 3 early wickets. Due to the excessive rain, the umpires called the game off as the pitch was unfit for play.

We face The Kings School next week, where we look to get our first win of the season.

Bilal Abbasi

1st XI Captain

2nd XI Report

Rain caused the game to stop and start numerous times, causing the opposition to complete their innings 5 overs early (45/50). The bowlers did an excellent job with special mentions for R. Roy for a tidy 3/6 (4) and J. Joseph 3/23 (8) who displayed class in the unfavourable weather. However, due to some errors while fielding, Newington were able to score 214 of only 45 overs. The weather offered a difficult task for our batting side. The openers held their end until an unfortunate run out that lead to the unanimous decision to call off the game due to heavy rain. Great effort from the bowlers who bowled exceptionally.

Raghav Malhotra

2nd XI Captain

Team of the Week

Congratulations to all teams that managed to get on the field on this wet weekend. Players, continue to work hard and strive to achieve! Good luck to all teams for the weeks ahead.

Jerald Joseph (10E) bowling for 2nds.

To All Parents And Players, Don't Forget To Go Through The Points Below:

- If the weather is inclement on a Saturday, you can find any changes to the fixtures on the SBHS website on the home page. No changes = game is definitely on.
- Please make sure that all the boys wear SBHS logo hats and tops.
- Make sure they drink plenty of water and carry a drink bottle with them to training and fixtures
- For training sessions (outside of school hours) and Saturdays, parents are to email through the specific details of absence (**Student number, name, sport, team, reason and date of absence**) to absences.sport@sbhs.nsw.edu.au

- Remember all cricket games are important to attend to each Saturday, otherwise you are letting your team down.
- A **100% attendance record** equates to **5 extra Award Scheme** points for juniors.
- Please notify their coach if they are unable to attend training or their fixture.

Play Hard, Play with Sportsmanship & High Spirit and most importantly have fun with your cricket!
Best of luck for your matches this Saturday!

Senior B Rowing Report

The Social Rowers have kicked off the season with spirit and great determination. We have been working hard at making changes to our technique and improving our overall strength and fitness as a group. The boys who are new to rowing have made a sensational effort to build up the fundamental skills required in rowing. The effort they have put into learning how to row has encouraged all of us to push that much harder. The squad has made impressive progress in a short amount of time due consistent training and focus. With many of us already being friends, rowing has worked to strengthen our comradery and mateship. However, this would not have been made possible without the vision and leadership of our MIC Mr George Barris and the guidance from our dedicated coach, Ashley. We look forward to showcasing our effort in the first Regatta of the season.

1sts Water Polo Report

On Saturday 24th October, High played our second game of the GPS season against The Scots College. After last week's game against St. Augustine, the boys were keen to fight back, demonstrating their eager for redemption all throughout the week of training and into Saturday morning.

The game started off as per usual - a feverous sprint to halfway. With our heads not completely in the game, Scots were able to take advantage and ended the half up a few goals ahead of us. During the break, our coach, Jake Rowlands, kept us calm and hungry some valuable words of advice, and a fresh round of substitutions meant we were able to regain our composure and continue our charge for the next half of the game.

However, with Scots having enough fresh players to substitute after every few plays, they were able to capitalise on our abilities and eventually overcome us, but not without a challenge. Despite our hardest efforts to limit the damage of their aggressive plays, we were unable to beat them, trailing behind by full time.

By creating more opportunities on fast breaks up the pool and pressuring Scots into devastating mistakes down at our end, we showed a massive improvement during the last quarter, despite what the scoreboard reflected. With many more games ahead of us, our constant strive for positive progress will allow us to re-emerge victorious.
