

## From the Principal Welcome Back to Term 2

Welcome back to Term 2 everyone. I trust that students and staff had a relaxing break. This term we are introducing period by period roll marking using *Sentral* our new student information system. Few changes will be required from a parent's perspective but there may be a few glitches during the phasing in period. Please bear with us. This term has a strong focus on assessment and reporting, providing students and parents with feedback on progress against expected standards of achievement of subject or course outcomes. Year 12 reports will be available in early May, followed by Year 9 in week 4, Year 8 in Week 5, Year 7 in Week 6, Year 11 in Week 9 and Year 10 in Week 10.

## High Talent

Congratulations to Auguste McNally (12T) and Timothy Hanna (11R) who were selected in the State Debating squad, a group of twelve from which the state team will be selected. Well done to Ryan Ong (12M) for his selection in the Australian Informatics Olympiad final selection training camp held virtually during the holidays.

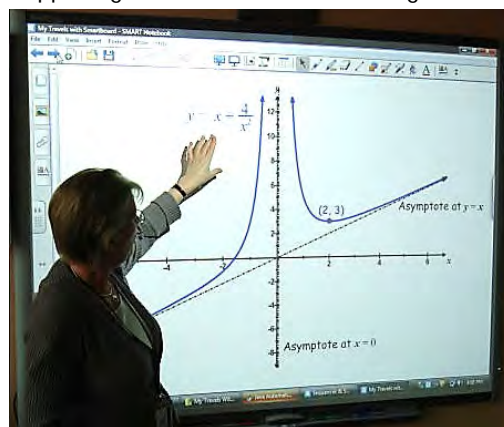

## Staff Development Day

Our first day back began with all teaching staff learning how to use the attendance module in *Sentral* as we transition to the new student information system. Creating out of class activity files was explained also. Staff then completed their online training in SCOUT, the Department of Education's platform for data and analysis. All staff will be involved in interpreting and analysing data generated about their own students. After morning tea, teachers worked in faculty groups to integrate the numeracy progressions into their Year 7 programs and shared with other Faculties how they evaluated numeracy activities against individual numeracy

progressions. The afternoon session was for faculty planning with Vivi training for teachers whose rooms were upgraded during the holidays.

## Holiday Building and Grounds

There was a very large amount of work done on site during the holidays. Thank you to David Isaacs, Jim Crampton and Brett Harrison for their efforts during the break to make this all happen seamlessly. They were each managing different contractors on the site simultaneously – along with some community use bookings happening on the site! In the buildings, rooms

211, 212, 213, 214, 215, 504, 505 and the Junior Library classroom space were fitted with the double whiteboards, smart projector and Vivi software. A stud wall was constructed between 610 and 611 in preparation for a technology upgrade planned for next holidays for the two rooms. Power and AV cables were run inside the wall prior to plaster boarding. We have only eight teaching spaces left to complete this massive infrastructure project. A new oven with six-burner stove was installed in the canteen. In the grounds, a pathway was laid on the Anzac Parade side, linking the flagpole area to the Cutler Gates. We hope all boys will now use it instead of walking on the roadway into the school. On Cutler Drive, the gates into Moore Park West had a concrete apron laid to take away the perennial muddy puddle that makes access to and from Moore Park West difficult. Near 801 and aligned with the barbecue shed, two solar light poles were concreted into position to provide lighting on event parking evenings. A twelve-metre concrete slab was laid next to the rifle shooting trailer cage to accommodate our three bins and one for the Governors Centre. An apron of concrete at the

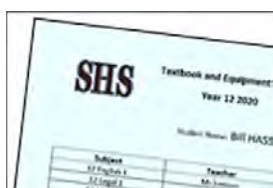

corner of the basketball courts was laid, complete with an additional drainage pit with a pipe laid to run into the existing drain. An extra border of concrete was laid around this drain. All the trees on the site were inspected by an arborist and the contractors came in during the holidays. Several trees were removed on arborist advice and many others were dead-wooded or crowned. We have dozens of trees on site, so it was a very expensive exercise lasting a week. Your great financial support during Term 1 allowed us to move forward with our plans to make the learning environment better, safer and more accessible for your sons.

### High's Monthly Giving Scheme

For new and existing parents – there is a really painless way to help the school reach its capital development objectives – the *Monthly Giving* Scheme. Having successfully completed building the Governors Centre, our next objective is to complete the *Classroom Technology Upgrade*. Once that is finalised this year, we can turn to serious fundraising for a new demountable *Senior Science Laboratory*. We also have to air-condition the *Junior Library* and make the much-needed refurbishments to the *Outterside Centre*. The *basketball courts* need to be re-surfaced. We have to complete the *COLA development*, including a big storage shed and power and lighting to the barbecue shack. *The Monthly Giving Scheme* allows you to make a deduction each month from your nominated credit card account. Deductions occur around the 15<sup>th</sup> of each month. In late June each year, the *Sydney High School Foundation* sends you a statement for taxation purposes including the total of your tax deductible donations for the year. I urge you to **do as I do** and make a regular financial investment in public education. If you are interested, please go to, [General.Manager@shsfoundation.org.au](mailto:General.Manager@shsfoundation.org.au). **I find that philanthropy in a public cause is bidirectional - it benefits the donor and the recipient.**

# DEBATING

## Debating

Firstly, congratulations to Auguste McNally (12T) and Tim Hanna (11R) who were both selected for the State Debating Squad. They will train for the next 6 weeks and hope to be selected from there for the State Team for the All Schools Debating Competition.

Debating starts up again this Friday with both the FED and Eastside competitions. The final rounds are being conducted online but in both competitions the Quarter-Finals, Semi-Finals and Finals will be conducted in person and parents can attend.

In FED this is the final round of the competition and Eastside has another round on Friday 30 April vs SCEGGS.

An updated calendar is below.

The Eastside Semi-Finals will be held here on Friday, 7 May and the Finals here on Friday 28 May. Parents are encouraged to attend – here's hoping we make the finals!

The FED Quarter-Final will be held here on Friday, 14 May. Again, parents are encouraged to attend. Then the FED Semi-Final will be at either Pymble Ladies College or Sydney Girls High School on 21 May and the Grand Final at St Aloysius College on Friday 28 May.

This Week's Focus: Asian Hate Crimes In the USA.

Ever since COVID-19 brought the world into a panic, there has been a significant rise in anti-Asian bigotry around the world, especially in the USA. Xenophobic rhetoric such as "China virus" and "Kung Flu" was coined and used as a means to discriminate against Asian minorities. Hate crimes reported to police rose 149 percent between 2019 and 2020 in America, and recent events in the past two weeks of March show no improvement.

A recent shooting in Atlanta, Georgia, has seen the perpetrator charged with eight counts of murder, including six Asian-American women at three spas in the Atlanta metropolitan area. Despite his actions, he has not been convicted with committing a hate crime. One of the victims, a 44-year-old woman, Daoyou Feng, was shot and killed in the spa that she worked in, and her body remains unclaimed in an Atlanta morgue. Like her, other innocent women died alone in a foreign country; they were victims of radicalised hate towards ethnic minorities.

On Monday, a violent attack on a Brooklyn subway train against an Asian-American man was filmed, capturing the moments where he was brutally beaten and choked, causing the man to pass out. NYPD investigations have taken place, but it raises the question: why aren't attitudes towards radical hate crimes more severe? As a society, we have the right and the duty to stand up for those in need, and people with radical beliefs are discriminating against ethnic groups, undermining their right to protection and safety.
